DAILY DEMOCRAT FORUM

(Successor to the Maryville Republican)

VOLUME 2. MARYVILLE, MISSOURI, MONDAY, AUG. 7, 1911. NO. 55.

SAVANNAH'S STORM

HIGH WIND DID GREAT DAMAGE IN ANDREW COUNTY TOWN.

AUTO PARTIES CAUGHT

Maryville People Were Unable to Return on Account of Obstruction in the Road.

Bad storms, accompanied by a high wind, swept over the Savannah vicinity Sunday afternoon about 3:30 o'clock, doing a great deal of damage, aggregating thousands of dollars. Savannah suffered more than any of the other towns. Its telephone system was put out of commission and all the streets were strewn with fallen trees. Windows were shattered and the steeple of the South Methodist church was torn off. For five hours there was no service on the St. Joseph and Savannah interurban line. At Oregon, Mo., the storm broke up the Chautauqua session, tearing down the tents.

In Maryville there was no wind and very little rain. The rainfall was .12 of an inch, according to Weather Observer Brink.

An automobile party of Maryville people were caught in the storm two miles north of Savannah. They were Mr. and Mrs. Alex Wells and Mr. and Mrs. Edward M. Walker. They had spent Saturday and Sunday in St. Joseph with Mr. Walker's sister, Mrs. Lewis Allen, and family, and were on their way to the home of Mrs. Walker's brother, Roy Byers, and family, who live three miles northeast of Savannah, where they intended to spend Sunday night and return home Monday noon. When within a mile of their destination they were overtaken by the storm and stopped at a residence by the way. They were unable to return in the car Monday morning because the roads and streets in Savannah were strewn with faller trees and branches. They saw many barns that had been shattered by the wind, corn was beaten into the ground and everything in that community presented a pitiable appearance. They returned on the train at noon Monday. Mr. Wells will go to Savannah Monday evening and expects to be able to return with his car some time Tuesday. The party was accompanied home by little Marie Byers, the daughter of Mr. and Mrs. Roy Byers, and she will visit her grandparents, Mr. and Mrs. W. W. Byers, for several weeks.

Mr. and Mrs. S. G. Gillam and son Forest, who went to St. Joseph in Mr. Gillam's automobile to spend Sunday with friends, were unable to return Monday morning on account of the bad condition of the road in the Savannah vicinity. They were accompanied to St. Joseph by Mr. and Mrs. S. H. Townsend, who visited Mr. Townsend's daughter, Mrs. John Koch. They returned to Maryville by train Monday noon.

Manager Harry Todd of the Hanamo Telephone company and several men went to Savannah Monday morning to fix up the telephone wires.

MINERVA BAKER SUING FOR POSSESSION OF LAND

Suit was filed Monday by Attorney E. G. Cook for Minerva Baker against Mose Nusbaum and Clarence Baker. The petition says that the defendant was owner of a tract of land, and that on March 11, 1910, the defendants entered into possession of said land and unlawfully withheld from the plaintiff the possession. Judgment for $5 per month until possession is restored is asked for.

John Weyer and James Horton of near Ravenwood were in the city Saturday.

Latest stationery for correspondence at Crane's.

Chautauqua Campers

We carry a full and complete line of everything needed for camp life. Visit our tent on the Chautauqua grounds.

Batteries—Macon and Kraninger; Burch and Harmony. Umpire—Kratsberg.

TWENTY TWO WILL RECIEVE LIFE DIPLOMAS

The summer term of the State Normal school will close Wednesday and there are twenty-two graduates that will receive life diplomas. There will be no commencement exercises, as there is one commencement being held each year, that being in May.

Members of the senior class who will receive life diplomas are:

Misses Golda Airy, Dora Carpenter, Myrtle Eckles, Nelle Hudson, Dora Day, Bertha Northcutt, Alice and Mary Orcutt, Alice Ray, Stella Q. Smith, and Messrs. A. E. Malotte and Homer Neff of Maryville; Lillis Knappenberger, Bolckow; Charles Miller, Eagleville; D. N. McClintock, Kingston; Pearl Ratcliff, Stanberry; Lillie Steinman, Albany; Nell Donan, Mound City; H. H. Hankins, Richmond; O. E. Jones, Albany; J. R. Watson, Plattsburg, and A. E. Wickizer, Bethany.

There are also forty-one candidates for the regents certificate.

The summer term of the Normal has been the most successful term in the history of the school. The attendance has been the largest. The outlook for the fall term is very promising.

HOW TO PRESERVE EGGS IN WATER GLASS

Go to any reliable druggist and secure water glass syrup (sodium silicate). One pint of this syrup added to nine pints of water makes a good egg preservative. Eggs should be packed in clean receptacles, small end down, and the preserving liquid poured over them until it stands a few inches above the topmost layer of eggs. Keep in a cool, dry, clean room until the eggs are wanted for use. If the container stands in too warm a place the eggs will not keep as long and the solution becomes milky, also a sticky deposit is liable to collect on the eggs.

COMMERCIAL CLUB TO MEET TUESDAY EVE

The Commercial club will meet Tuesday evening at 8 o'clock. There are several matters of interest that will be taken up, and every member is urged to attend.

On Visit With Sisters.

Mrs. Joseph Combs and little daughter, Louise, left Monday morning for Kansas City, Nevada and Lamar, Mo., where they will visit for four weeks with Mrs. Combs' sisters.

Eastman Kodaks and supplies at Crane's.

ONE MORE CHANCE

A FEW TICKETS LEFT FROM COMMERCIAL CLUB GUARANTEE.

OPENING DAY SATURDAY

Advance Sale of Tickets Indicates This Year's Chautauqua Will Be Big Success.

There still remain a few Chautauqua tickets at $1.50 which are on sale at the Raines Bros.' jewelry store. If you failed to get a ticket last week you have one more chance to get one at the $1.50 price.

The Commercial club agreed to sell 1,000 tickets at $1.50 for Manager P. O. Landon, and up to Saturday night nearly all of the 1,000 tickets were sold. The tickets on sale this week are the tickets that remain out of the 1,000.

The advance sale this year for the Chautauqua is the biggest since the establishment of a Chautauqua in Maryville, and promises to make the Chautauqua a financial success.

The Chautauqua will open Saturday, August 12, and no admission will be charged on that day. The program for this day is as follows:

1:30—Band plays uptown.

2:00—Band concert and Northwest Normal Quartet.

2:30—Short talks by Dr. H. K. Taylor and others.

4:00—Open air band concert.

7:45—Music by Normal quartet and Miss Jones.

8:30—Local talks on how best to organize a permanent Chautauqua company in Maryville.

LAST CHAPEL EXERCISES HELD MONDAY

The last chapel exercises of the summer term of the Normal were held Monday morning and included two excellent addresses by Rev. Miller and Mr. C. J. Colden.

After reading the Scripture lesson Rev. Miller addressed the students, taking as his subject "The Two Roads," from the thirteenth and fourteenth stanzas of the seventh chapter of Matthew.

"Enter ye in at the straight gate; for wide is the gate and broad is the way that leadeth to destruction, and many there be which go in thereat."

"Because straight is the gate and narrow is the way which leadeth unto life, and few there be that find it."

He spoke briefly on the Scriptural significance of his text and then applied it very aptly to the choice of action in school studies, habits, associations and character ideals.

Mr. C. J. Colden then talked to the students on the history of the school and the advance in education. He emphasized vocational education and spoke of the fact that he was glad to see that the departments of home economics, manual training, and agriculture had been placed upon a firm basis and were well advanced in their work in the school, not above nor below, but equal to any other department in the Normal. He also said that in facing his present audience he could think of only one thing, and that was equal suffrage. "If we do not have women's suffrage within the next fifty years it will be because you young ladies do not go out and teach it."

A few matters of interest to the students themselves were then taken up, among them the choosing of the winner of Saturday night's contest. Miss Jewel Bergen as the representative of Gentry county was elected winner, Nodaway county not competing for the prize.

Rev. Harrel of the Baptist church closed the exercises with a benediction.

Will Visit Her Son.

Mrs. J. McJimsey of Long Beach, Cal., spent Monday in Maryville with Mrs. J. T. Linville, who is her niece. Mrs. McJimsey is visiting her sister, Mrs. Malvina Bryant, at Burlington Junction. She is preparing to go on a visit to her son, Elmer E. E. McJimsey, at Springfield, Mo., where she will be for some time.

Guest of the Gex's.

Mr. and Mrs. Anderson Craig were week-end guests of Mr. and Mrs. Robert Gex, near Graham.

Miss Lena Basford went to St. Joseph Saturday evening to visit Mrs. Cora Grooms.

TO PICNIC TUESDAY

COLORED PEOPLE WILL CELEBRATE IN SCHOOL PARK.

BAND CONCERT TONIGHT

Music, Speaking and Military Drills to Be Features of the Entertainment.

Tomorrow is the day for the grand emancipation celebration given by the colored people of this city, which will be held in the Franklin school park. A good program has been arranged and the speakers secured are C. D. Morris, editor of the St. Joseph Gazette; B. R. Martin of St. Joseph, W. E. Wiles of Maryville, Dr. M. O. Ricketts of St. Joseph and Nelson C. Crews of Kansas City. A large crowd is expected to be in attendance at the celebration.

A band concert is to be given this evening at 8:30 o'clock by the Colored K. of P. band of Kansas City. The program for tomorrow is as follows:

10:30—Exhibition drill by A. R. Chinn Palestine Guards of St. Joseph on west side of court house.

11:15—Free concert by the Queen City Concert company of St. Joseph at the Franklin park.

1:30—Invocation by Rev. J. R. Carter.

1:45—Reading of the emancipation proclamation by Miss Ora Maulden.

2:00—Address by W. E. Wiles.

Queen City Concert company.

Address—B. R. Martin.

Address—Dr. O. M. Ricketts.

Queen City Concert company.

Address—C. D. Morris.

Address—Nelson C. Crews.

Queen City Concert company and band concert.

5:00—Exhibition drill.

7:30—Band concert and exhibition drill on court house square.

Communications

Our Water Supply.

The most important question to citizens of Maryville today is our water supply. I presume there is not a man or woman in Maryville but what would say that they want an abundant supply of good pure water.

Why should we use muddy and impure water when we have plenty of sheet water by digging for it at a depth of twenty or thirty feet.

All bacteriologists tell us that water from wells is much healthier than surface water. If the bonds are issued it is with the explicit understanding that the water shall be obtained from wells.

It is a fact well known to many that the 102 bottoms are underlaid with sheet water at no great depth, with a supply inexhaustible.

At New Conception the railroad company dug a large well this summer, going through the quick sand and course sand, and at a sufficient depth below to hold the supply of water.

When the well was finished, their tanks all being ready, an engine was put to work and filled all of them and did not lower the well but two inches, showing the supply of water was inexhaustible. I could furnish you a number of examples where the supply of sheet water in the 102 bottoms has been sufficiently tested to make it beyond a question as to the sufficiency to supply the city of Maryville.

We have an abundance of pure water by digging for it. Why not use it? The sheet water will not need any settling basin or filters, which are expensive and filthy.

Let us for a moment examine the report of Mr. Roy Cross, which was published last week. He says there are no typhoid germs in our city water. That is evidence, but not conclusive evidence, that there are none. Our best authors say that it is best to make several examinations of water to fully determine the absence of typhoid germs. He further says there are 1,000 bacteria (germs) in each cubic centimeter of the city water.

As an explanation I will say one cubic centimeter is one-fourth of a teaspoonful. Multiply 1,200 by 4 and you have the number of bacteria in one teaspoonful, which equals 4,800. There are eight teaspoonfuls in one ounce of water, hence by multiplying 4,800 by 8 you have the number of bacteria in one ounce, which is 38,400. An average drink would be about four ounces, making the number of germs 153,600. Now I submit to the thinking people of Maryville if that is not getting the bacteria in pretty thick? It might be well to state how these bacteria get into the water. They are washed in by rains fro mthe surface of the ground, sewage, and the dust that is blown by the wind. All surface water is full of them. All well water contains a few but not many.

Why not have well water that contains only a few bacteria instead of 102 river water that is teeming with germs that we are now using.

Dr. Sternberg, ex-surgeon general of the United States army, has a work on bacteriology from which I quote: Water that contains more than 500 bacteria to the cubic centimeter, although it may in many cases be harmless is to be looked upon with some suspicion, and water containing 1,000 or more bacteria is presumably drainage and should be rejected or filtered before it is used for drinking purposes. The life of bacteria in water depends upon the vegetable and animal matter held in solution that have been washed in from the surface of the ground and from sewage. You may take a given amount of water and as soon as the bacteria consumes all the pabulum and nourishment in it they will die. The water of sewers is naturally rich in bacteria. You will find more bacteria just above or below where sewage empties in richer in bacteria than at any other point. An excessive number of bacteria indicates an excessive amount of pabulum or decaying vegetable and animal matter in water.

Much more could be said along this line, but I do not deem it necessary to go into detail further. The question for the people of Maryville to decide is whether we shall have good, pure, wholesome well water or will you continue to drink this foul, unhealthy river water that is teeming with germs?

Now as for myself, I will give my ideas. We will have nothing more to do with the 102 river water or the antiquated, worn out machinery at the river, which has done service for twenty-five years. We want no more settling basins to be opened up and pumped directly into our standpipe without being filtered. What we want is to come west as far as we can and be in the sheet water, there sink our wells and say to the city water company, we will buy at what it is worth today your mains, or in the event they will not do us just and right, we will put it in new from start to finish. The electric light company say they will pump the water up here for 7 cents per 1,000 gallons. In that event we will not have to buy any engines or boilers or coal, and keep one or two men at the pumping station at a great expense. I do not deem it necessary to go into details as to the running of the plant, paying interest, etc., as that was gone over thoroughly and satisfactorily by Mr. Ford and The Democrat-Forum. I am sure, as they say in their articles, that we will be free from debt in fifteen or twenty years and own the water plant in fee simple.

If you refuse to vote the bonds there will still be the necessity to drink the filthy city water, which at times is not fit to bathe in. And at a price dictated by the London bondholders that have no interest whatever in the city of Maryville, only to clip the interest coupons annually, while we suffer the consequences.

In conclusion, let me say that the analysis of Roy Cross published by Mr. Roseberry shows beyond any question that the city water is unfit for drinking purposes. Remember that I quoted Ex-Surgeon General Sternberg in his work on bacteriology, who says that water containing over 1,000 bacteria to the cubic centimeter is contaminated with sewage, and is unfit for use, unless it is filtered. Our city water shows 1,200 bacteria, according to Cross' report.

Do the good people of Maryville want to drink that kind of water? I for one will object.

J. W. DEAN.

What Rev. John Says.

Editor Democrat-Forum: We have heard that municipal ownership is a great success in Kansas City. If so, how are we to explain the following from the Kansas City Journal of February 18, 1911:

"Socialism in the form of municipal ownership of water works has proved a disappointing experience to the taxpayers of Kansas City. Within two years after the city purchased the plant the board of public works was forced to call for the levy of a heavy maintenance tax to keep up the operation of the works, and this levy, ranging from a half mill to two mills, has been made without exception during the fourteen or more years since. Besides the maintenance levy the taxpayers have been called on repeatedly

(Continued on page two.)

LITTLE GIRL KILLED

DAUGHTER OF ROBERT WACHTEL, A FARMER NEAR GRAHAM.

WAS RIDING HORSEBACK

Animal Stepped in Hole in Bridge and Threw Her, Breaking Her Neck.

Pearl Wachtel, the 12-year-old daughter of Mr. and Mrs. Robert Wachtel, living near Graham, was killed Monday morning while driving over a bridge near her home.

With her little brother she started on horseback to drive some cows to pasture. In passing over a bridge about 100 yards from her home the horse stepped in a hole in the bridge and threw her headlong, breaking her neck and otherwise injuring her. Her little brother, who was riding behind her, managed to jump in time to save himself.

Mrs. Wachtel saw the accident and ran to her children. The little girl died in about fifteen minutes after she was thrown from the horse.

Mr. Wachtel is a brother of Mrs. John W. Airy of this city. Owing to the bad condition of the telephone from the storm of Sunday afternoon The Democrat-Forum was unable to get further particulars of the sad occurrence.

"BUFFALO BILL" SHOW IN CITY ON SEPT. 22

Buffalo Bill's wild west show has made arrangements to put on their show in Maryville on September 22. The circus is one of the largest on the road.

St. Joseph Guests Go Home.

Misses Lucile and Virginia Sheridan, who have been guests of Miss Frances Keeler, returned to their home in St. Joseph Monday morning.

Gone to Market.

Mrs. W. J. Staples left Monday morning for a week's absence at the St. Louis millinery market. She spent Monday in St. Joseph.

Miss Edna Heaton of Darlington, who has been visiting the family of her brother, Andrew Heaton, eight miles southeast of Maryville, was in Maryville Monday afternoon on her way home.

Mrs. Donald Cady returned to her home in St. Joseph Monday morning after a week's visit with her mother, Mrs. C. P. Denny, and family.

Mrs. G. W. Neely returned to her home in Bolckow Saturday evening after a week's visit with her daughter, Mrs. W. D. Walker, living in the Mc Ayr neighborhood.

COMMUNICATIONS

(Continued from page 1.)

to vote bonds amounting to considerably more than $1,000,000 for repairs and betterments, and yet the plant is still in a precarious and dilapidated condition. With costly pumps pounding themselves to pieces on the rocky basement of the intake pumping station, and with constant danger of the collapse of the station on account of the inroads of seepage water, and still further danger of the city's entire supply being cut off if the seepage water is not pumped out of the station, municipal ownership has proved non-supporting and unsatisfactory in every respect in this community."

If the $160,000 bond proposition carries what assurance have the taxpayers of Maryville that that amount is sufficient to pay for such a water plant as Maryville must have? And further, what assurance can anybody give that there will not be a demand for additional bonds for maintenance purposes long before the $100,000 issue is paid off? Municipal ownership is a beautiful theory, a beautiful ideal. Yes, but like most theories and ideals, unrealizable.

C. H. JOHN.

BAKER & HILL SELL OUT TO W. H. GEORGE

The hardware store of Baker & Hill, on the west side of the square, was sold last week to W. H. George of Holden, Mo., who will take possession the last of this week. The store is now being invoiced.

Baker & Hill have been in business in Maryville about a year, having purchased the hardware store from R. E. Snodgrass. Mr. Hill will remain in Maryville with Mr. George, and Mr. Baker is undecided about what he will do in the future. Mr. Baker will take a needed vacation. He has sold his residence property to Mr. George.

SECURED CONTRACT FOR BEDFORD OPERA HOUSE

Lincoln Bent of this city has secured the contract of J. J. Clark of Bedford for the building of the new opera house to be erected at that city. The opera house is to cost $20,000, and, according to present plans, will be a credit to any city much larger than Bedford.

COUNTY COURT IS IN SESSION THIS WEEK

County court was in session Monday. Several bridge petitions and a petition for the vacation of a public road between the county line of Atchison and Nodaway, or in Green township, were filed and will be taken up by the court.

Stop Frowning

Frowns are a pretty sure indication of weak eyes or defective vison — also that a good pair of glasses are needed; they will improve your looks as well as your eyesight.

Wear Proper Glasses

Glasses to fit your needs must fit your features as well as your eyes. We can do both to your entire satisfaction.

DES MOINES CAR SYSTEM RESUMES

Order of Judge Obeyed by Company and Men.

NEW WAY TO SETTLE STRIKE.

Mandatory Injunction Stops Promised Bitter Struggle and Cars Are Again in Operation—Men Are Out Only Forty Hours—Crowds Cheer Crews.

Des Moines, Aug. 7.—Street car traffic was resumed in Des Moines and the forty-hour strike was terminated.

For the first time in the history of the country the order of a court has put an end to what gave every indivation of becoming one of the bitterest struggles ever waged between organized labor on the one hand and capital on the other.

The mandate issued by Judge Lawrence DeGraff of the district court was promptly obeyed by the Des Moines City Railway company and the carmen's union, and while there is ample prospect of a fight later in the courts one thing is certain, an injunction has restored, temporarily at least, nearly 500 conductors and motormen to their original positions.

The scenes attending the resumption of traffic rivaled those of Friday night when the men turned the cars in for what many of them thought would be the last time. The streets in the vicinity of the central waiting rooms at Sixth and Mulberry streets were thronged for nearly three hours before the time set for the first car to pass. When extras announced that the first car had left the Twenty-fourth street barn enthusiasm began to show itself, and when car No. 188 of the university line passed the station, the crowd tendered the crew a rousing ovation.

Cheers for All Crews.

It was not long before the first cars on every line had reached the station and each of the crews as they came up was greeted with cheers.

That a new method of handling labor difficulties has been discovered was the statement of N. T. Guernsey, attorney for the street car company, following the acquiescence of the company in Judge DeGraff's order. At the same time he said his clients were by no means satisfied that the court was within its jurisdiction in issuing the mandatory injunction, but for the present they were willing to abide by it, leaving to a later date the trial of the case on its merits.

Fred Fay of Ypsilanti, Mich., international board member of the Amalgamated Association of Street and Electric Railway Employes of America, who conducted the brief strike, was much pleased with the turn of events. He said that while he and the members of the executive committee had preferred that the strike continue until a new agreement had been signed, the intervention of the court was acceptable because it gave to the union exactly what it had asked. This was the reinstatement of Conductor Benjamin J. Hiatt, whose recent discharge without an investigation led to the trouble, and the order that arbitration must decide whether or not he is to remain with the company.

Hiatt was one of the first men out of the Twenty-fourth street barn and his friends along the route gave him ample evidence of their esteem in frequent cheers.

The suit in equity which terminated the strike, was brought by the city of Des Moines, through its city counsellors, H. W. Byers and Robert O. Brennan, upon the order of the city council. A hearing to determine whether the injunction shall be made permanent probably will be had tomorrow.

Des Moines Ball Team Sold.

Omaha, Aug. 7.—Announcement was made of the sale of the Des Moines baseball team by President John F. Higgins. Who the purchasers of the team are and where they hail from is at present unknown to the public and will be kept a secret pending the transfer of stock and purchase price. That the new purchasers, who are two in number, are in good with the Des Moines fans is an established fact according to Mr. Higgins.

Bandit Caught and Identified.

Salt Lake City, Aug. 7.—James Mays, who claims to be an automobile repairer, recently from Portland, Ore., is under arrest here charged with being the bandit who held up a coach load of passengers on the Saltair railroad last night. The holdup occurred as the train was nearing Salt Lake City on the trip from the resort, and three persons were shot and slightly wounded

Conservation Headquarters Opened.

Kansas City, Mo., Aug. 7.—Officers of the national conservation congress established headquarters in this city and began arrangements for the meeting of the congress here Sept. 25 to 27. Henry Wallace of Des Moines, president of the congress, said one of the principal subjects to be considered will be "Conservation of the Fertility of the Soil."

Togo at Mount Vernon.

Washington, Aug. 7.—Reverently and with a brief invocation in Japanese, Admiral Count Togo placed a wreath of roses on the tomb of Washington at Mount Vernon.

KILLS SWEETHEART'S BROTHER IN QUARREL

Butler Returns After Absence of Year and Shoots Walsh.

St. Louis, Aug. 7.—Albert G. Butler of Maplewood, Mo., a suburb of St. Louis, returned after an absence of a year and, in a quarrel with his sweetheart's brother, Eugene Walsh, shot and killed the latter. As Butler was walking away from the scene of the shooting he was taken in charge by the Rev. James Broadhead, a Methodist minister, who took him to the nearest police station within the city limits.

Butler told the police he had been courting Miss Nellie Walsh before his departure for the east a year ago and that he was engaged to the girl. This the family denies. It was over this that the two young men quarreled.

Butler says he expected trouble, and that when he went to church he carried a revolver. When he met Walsh he says, they had words and that Walsh started for him. He claims he shot in self-defense. The shooting occurred in front of the Walsh home.

Shortly after Butler had been taken in charge by the minister a mob formed and an attempt was made to enter the minister's home and take the prisoner from him. The pleas of the minister and the timely arrival of the police prevented any trouble.

BEACHEY WINS AIR RACE

Flies From New York to Philadelphia in Two Hours.

Philadelphia, Aug. 7.—With his two competitors still thirty miles or more from the finish line, Lincoln Beachey won the New York-Philadelphia aeroplane race in easy fashion. Two hours and twenty-two and two-fifths seconds after he had ascended from Thirty-third street in New York he sailed over Ninth and Market streets here, the finishing point. Then he continued several miles to the Belmont plateau in Fairmont park, where he landed without mishap.

Beachey's rivals in the race were Eugene Ely and Hugh A. Robinson. Charles K. Hamilton was to have started, but declined to fly because of unfavorable air conditions and Ely took his place. The race was for a purse of $8,000.

Beachey landed once, at Trenton, N. J., fifty-eight miles west of New York, where he took on gasoline for the rest of his journey.

Columbia Arrives With Bow Stove In.

New York Aug 7.—The Anchor line steamer Columbia, which collided with an iceberg on Aug. 2, reached New York from Glasgow under her own steam. Many yards of canvas covered the hole made in her bow by the iceberg, but her officers said the damage was entirely above the water line. The accident occurred about 120 miles off New Foundland

Fifty-One Million Bushels of Wheat.

Topeka, Aug. 7.—Kansas raised 51,365,000 bushels of wheat this year and the corn crop condition is 54.3, according to a report issued by F. D. Coburn, secretary of the state board of agriculture. The wheat crop is 9,000,000 bushels less than last year and one-third less than the average for the last ten years.

Recall Petitions Filed.

Wichita, Kan., Aug. 7.—Petitions asking for the recall of Mayor J. H. Graham and E. M. Leach and R. B. Campbell, commissioners, were filed with the city clerk.

BARNARD.

The ball game stood Saturday 7 to 4 in favor of Rosendale.

The Hon. B. R. Martin certainly knows how to hold and entertain an audience, although over an hour late the people smiled when they saw him step upon the platform, showing their appreciation for the privilege of seeing and hearing their old friend.

The selections by Perry and Gahill were very entertaining, and their Irish wit was simply fine.

The Hon. A. B. Duncan failed to arrive and the programme was filled by local talent.

The Guyman band maintained their usual entertaining selections all through the three days' program and were highly appreciated by all who heard them.

The crowds each day increased and on Saturday about 3 o'clock it was almost impossible to get through between the speakers' stand and the merry-go-round.

So the Barnard picnic is a thing of the past for this year. Every person seemed to enjoy themselves and the meeting and greeting of all friends was only marred by the thought of being separated again, possibly for another year. Come again.

Elder McFarland, who for a number of years was in the hardware business in Barnard, just returned today from a visit to Texas, his family remaining in Texas on account of his daughter's health, who was not able to return with him.

Arthur Hazelwood reports that his wife's health has not improved any since she arrived in California.

Rochester Stamped Ware,

in copper, brass and nickel plated copper, will make a creditable showing among the nicest things you have.

News of Society and Womens' Clubs

Picnicked on 102.

Mrs. W. T. Garrett and her daughters, Misses Lou and Jennie Garrett, and her granddaughter, Margaret Foster of Chariton, Ia.; Mr. and Mrs. W. O. Garrett and little son and daughter, and Mr and Mrs. Frank L. Garrett went to a pleasant shady spot on the 102 river north of Maryville Sunday and spent the day.

Entertained Brothers and Sister.

Mr. and Mrs. C. M. Baker of Prather avenue entertained a company at dinner Sunday comprising the brothers and sister of Mrs. Baker and their families, including Mrs. T. A. Turnbull and children, Glen and Varn, of Blanchard, Ia.; Mr. Jesse Wilcox of Blanchard, Ia.; Mr. and Mrs. E. V. Wilcox and son, Donald, of Maryville; Mr. and Mrs. J. E. Wilcox of Superior, Neb.

Surprised on Birthday.

Mrs. Basil Auffart, daughter of Mr. and Mrs. W. L. Robey, was happily surprised Sunday by a company of friends, who gathered at her home, on East Edward street to celebrate her twentieth birthday anniversary. A picnic dinner was spread by the guests. Those present were: Mr. and Mrs. Auffart and son, Irvan Basil; Mr. and Mrs. Henry Trullinger, Mrs. Anna Daniels, Mrs. Ira Murphy, Miss Oma and Mabel Robey, Miss Lettie Daniels, Charles and Arley Robey, Arthur and Wiley Robey, Ernest Daniels, Glenn Trullinger and Harold Daniels.

Sunday School Picnic.

The Sunday school of the First Baptist church will have an all-day picnic Thursday at the home of Mr. and Mrs. John C. White, six miles northwest of Maryville.

Miss Pierce will entertain.

Miss Dorothy Pierce has issued invitations for a card party Thursday afternoon, for the pleasure of her guest, Miss Geraldine Coffee of Steelville.

For Miss Benight.

Miss Elise Jackson gave an informal euchre party Saturday afternoon for Miss Laura Helen Ford's guest, Miss Cecil Benight of St. Joseph. Miss Jackson was assisted by her mother, Mrs. C. S. Jackson. The game prize was carried off by Miss Esther Shoemaker and the guest prize went to Miss Geraldine Coffee, who is visiting Miss Dorothy Pierce. The out-of-town guests were Miss Benight, Miss Marguerite Watkins, who is visiting Miss Shoemaker, and Mrs. Edward Sturm of Oklahoma City, who is the guest of her parents, Mr. and Mrs. C. Q. Smith.

Birthday Dinner Party.

A three-course dinner was given Sunday at the country home of Mr. and Mrs. Ed Myers, three miles south of Maryville, to honor the thirty-second birthday of Mr. Myers. Red and yellow were used in decorative effect. Mr. Myers was the recipient of a handsome rocking chair and other remembrances. The afternoon was spent in social intercourse and games. Plates were laid for the following at dinner: Mr. and Mrs. Henry Myers, Mr. and Mrs. Will Myers of near Pickering, Mr. and Mrs. Charles Myers and daughter, Lucile; Mr. and Mrs. Pete Myers and sons, Daniel and Leo; Mr. and Mrs. John Holtman and children, Loretta and Lawrence, of Conception; Mr. and Mrs. Frank Mercher and son, Ralph; Mr. and Mrs. Mike Sturm and children, Fredda, Marie, Margaret and Willie; Mr. and Mrs. Mike Baker and children, Gaylord, Hubert and Charley; Misses Carrie and Rosa Myers, Agnes Henggler, Messrs. John Myers, Nick Myers, Alonzo and John Henggler of Conception, Leo Blaley of Clyde.

ON AUTO TRIP TO KANSAS NEBRASKA AND IOWA

George L. Wilfley, W. C. Pierce, Horace F. Leet and Will F. Phares left Monday noon in Mr. Wilfley's automobile for a week's trip in Kansas, Nebraska and Iowa. They will go to St. Joseph today, where they will spend the night, and from there they will go into Kansas and Nebraska, and will stop at the following towns: Troy and Hiawatha, in Kansas; Pawnee, Liberty, Tecumseh, Lincoln and Omaha in Nebraska, and Council Bluffs, Atlantic, Villisca and Clarinda, in Iowa. At Liberty, Neb., they will spend a day at the farm of Mr. Leet, which is located near that city.

NO COPY OF THE BIBLE AT THE PUBLIC LIBRARY

From time to time lists of the new books received at the Carnegie library are published and contain many excellent works. To print a list of the good books not in the library would be a tremendous task, and it would be too much to ask to have them purchased and placed on the shelves of a small library like our own. However, there is one book that is lacking which we think it would be well to have placed in the Carnegie library and that is the "Holy Bible." At present they have no copy and cannot supply the calls which are made from time to time for the Bible.

WRAY STRUCK OUT TWENTY-THREE MEN

The Maryville Whirlwinds defeated the Bedford high school team at Bedford, Ia., Saturday by a score of 10 to 6. The battery for Maryville was Wray and Green, and for Bedford Beard and Smith. Dick Wray was in fine form and pitched a good game, only two hits being secured by Bedford and twenty-three men were struck out.

TO HAVE A PICNIC AT HARMONY CHURCH GROVE

The Myrtle Tree and Harmony Sunday school are to have a picnic on Wednesday, August 9, at the Harmony church grove. The features of the picnic will be a basket dinner at noon, and in the afternoon a base ball game between the Sunday schools of the churches. In the morning W. H. Crawford will speak, and in the afternoon Prof. B. F. Duncan. Besides speaking, music and other features will be on the program.

Attended Barnard Picnic.

Among those attending the Barnard picnic Saturday were Miss Ella Noll and little niece, Wilda Keef; Paul Basford, Misses Mabel Jenkins, Nellie McKnight, Roy Turpin, Letha Patterson, Mrs. Gladys McLarnon, Miss Chloe Shopbell, Mrs. Ora Cooper, Misses Ahrino Herwick, Teresa Shonley, Gertrude Carmichael, Lena Andrew, Fayla Rogers, Jessie Ramsey, May Evans, Nellie Beardsley, Chloe Head, May Davis, Anna Weiderholt and Merle Selecman, from Maryville, and Miss Vesper Nicholas, Miss Edith Patterson and George Patterson of Burlington Junction.

Mr. Childress Much Better.

Mr. and Mrs. H. P. Childress returned to their home on Prather avenue Sunday afternoon from a two weeks' stay at the home of their daughter, Mrs. Cora Trullinger, on South Fillmore street. Mr. Childress is recovering from a two months' siege of blood poisoning in one of his hands. Two weeks ago an ulcer formed in one of his eyes and he was taken to Mrs. Trullinger's home, where he was cared for by her and her daughter, Miss Helen. Dr. F. R. Anthony at first feared Mr. Childress would lose his eyesight, and although the sight will be affected some, he will recover from the attack, and is getting along nicely.

Have Visitor from Kansas.

Mrs. Julia Denny of Benedict, Kan., is a guest at the home of Mr. and Mrs. Henry Thorp. She accompanied her sister, Mrs. Charles W. Thorp, who is Mrs. Henry Thorp's mother, to Maryville Saturday night from Barnard, where they had been attending the picnic. Mr. Denny came with them, but returned to Barnard Sunday to resume his visit with old friends there, and Mrs. Denny will meet him there Wednesday.

Luke Comer went to Burlington Junction Monday to spend a few days.

Latest fall styles in new white felt hats at Mrs. Cora Trullinger's millinery.

MR. MOREHOUSE'S MOTHER DIED

Walter C. Morehouse and daughter, Miss Ruth, of Hopkins, arrived in Maryville Sunday morning from St. Louis, where they were called a few days previous by the death of Mr. Morehouse's mother, Mrs. L. H. Adair, who had been sick a long time. Mrs. Adair's home was at Wellston, a suburb of St. Louis. Her son, who is her only child, had made her several visits in the last few weeks, owing to her critical condition. Her body was buried in St. Louis.

Mr. Morehouse was met in Maryville Sunday forenoon by E. S. Hedinger and J. D. Downing of Hopkins in Mr. Hedinger's car, and with his daughter returned to their home by noon. The party was accompanied by Mrs. S. J. Yeomans, who went to see how her new residence is progressing.

Card of Thanks.

We desire to express our sincere thanks to our neighbors and friends for their assistance and sympathy during the recent sickness and death of my wife and our mother, Mrs. Milley Severs, who died last Tuesday—Mr. J. T. Severs and Children of Pickering.

Miss Emma Crandall, cashier for the Alderman dry goods firm, is spending this week with Miss Myrtle Parrish of Barnard.

Mr. and Mrs. Madison Goodson and daughter, Miss Frankie, and Miss Elma Casteel of Ravenwood came over in Mr. Goodson's automobile Saturday to do some shopping in the city.

Dr. Jesse Miller and family returned Monday morning from a short visit at Hopkins with Dr. Miller's brother, Dr. Ed Miller, and family.

Mrs. J. G. Trilby of St. Joseph visited over Sunday in Maryville with her parents, Mr. and Mrs. O. P. Wade.

Miss Margaret O'Donnell visited over Sunday with the family of Thomas Ferrell.

Sundayed in Omaha.

W. J. Hutton and family and Harry Aldrich took an automobile trip to Omaha Sunday and spent the day there.

Miss Anna Stapler will go to Omaha Tuesday for a few days' visit with her brother, Frank Stapler, and his wife.

Mrs. Edward McDowell and her sister, Miss Anna Walker, and brother, Charles Walker of Burlington Junction, arrived in Maryville Monday and are guests of Dr. McDowell's mother, Mrs. John W. McDowell of West Twelfth street. Dr. McDowell and his little boy and girl, both of whom have recovered from their illness, have been at his mother's home for several days. They expect to leave soon for their home in Okmulgee, Okla.

Mrs. George Houston and son of Stanberry, who have been visiting her parents, Mr. and Mrs. J. A. Shullenberger, and her sister, Mrs. Walter Westfall, returned to their home Monday.

Mr. and Mrs. Roy H. Wolfers of Pickering drove to Maryville Monday afternoon in the Wolfers car on a short business trip.

A SOLEMN MOMENT.

When the Great Mail Steamer Was Stopped In Midocean.

The great steamship wavered; the screw revolved more slowly and gradually ceased to turn. There is something uncannily disquieting about an unmoving ship in the middle of the ocean, and for a few moments there were fearsome rumors among the second and third cabin passengers. The steerage, being nearer to the heart of things, understood what was going on.

The deck stewards went about explaining, and as they explained the passengers moved to points of vantage. Then all was very quiet—quiet even for the sea.

A man whom the first cabin passengers knew to be a famous bishop stepped down from among them. A heavy, clumsy, grewsome bundle was brought up. Over it the bishop, with bared and reverent head, intoned the service for those who are buried at sea. As the bishop spoke the words of committal, "We therefore commit his body to the deep, to be turned into corruption, looking for the resurrection of the body, when the sea shall give up its dead," a door in the bulwarks was lifted for the bundle and let down again, the ship began to move, sluggishly at first, then smoothly as was its wont, and the passengers went back to their games, their books and their lovemaking.

The greatest event in the dead stoker's career was over. He had stopped his majesty's mail.—Exchange.

VED ELEVEN DAYS WITH HIS HEART CUT.

Autopsy Reveals Surprising Case of Victim of Stab Wound.

An autopsy on the body of Peter Paulsen, thirty years old, of New York, who, after a fight in which he received a deep gash in his breast, was removed to St. Vincent's hospital in an unconscious condition and who died in the hospital, revealed the astounding fact that the man had lived for eleven days with a knife wound in his heart fully an inch and a half deep.

Paulsen was a Dane of great physical strength. The wound was so large that Dr. E. S. Cockel of the hospital staff had great difficulty in checking the flow of blood. Gauze was finally shoved into the wound against the heart wall. This tended to check the flow. The outer wound, however, healed so rapidly that it had to be reopened several times to insert fresh gauze. In the meantime quantities of morphine were administered.

The patient did not begin to suffer until the last ten hours of his life, when, notwithstanding the greatest possible caution, blood poisoning set in. It was known that the wound was deep, but it was not surmised that the knife had entered the heart until physicians performed the autopsy.

DIED FOR A CAT.

Artist Rushed Into the Flames to Try to Save Her Pet.

Returning to a burning structure to try to rescue an Angora cat and three kittens, Miss Louise B. Frederici, thirty years old, an artist, lost her life in a fire which destroyed three houses in Los Angeles. The young woman was caught beneath a falling roof and incinerated. Another pet cat was responsible for saving eleven lives.

Mrs. Nellie S. Drane had lighted the heater in the kitchen. She returned to bed and fell asleep. She was awakened some time later by the actions of a pet cat, which had discovered the flames. The cat ran to her room and started to claw the clothing from her bed. This awakened Mrs. Drane, who, smelling smoke, rushed into the kitchen to find the rear of her home ablaze. She gave the alarm, and the other eleven occupants of the house, including Miss Frederici, barely escaped from the burning structure.

Miss Frederici after gaining the street remembered that her pet cat, which was nursing three kittens in a basket in her bedchamber, had been overlooked. Ignoring the protests of her friends, she dashed back through the smoke and flames. She had no sooner disappeared into the doomed structure than spectators were horrified to see the roof give way and crash to the first floor.

UNIQUE IDEA.

Pennsylvania Mine Code to Be Printed In Nine Languages.

A unique order for printing has just been given to the Pennsylvania state printer by A. Nevin Pomeroy, state superintendent of public printing, and it illustrates the diversity of population of Pennsylvania's mining regions.

In order that miners in every section of the great bituminous coal fields of the state may be made familiar with the provisions of the "soft coal code" passed by the recent legislature arrangement was made for the issuance of 100,000 copies of the act soon after it was approved.

When it came to looking up the manner of diffusing the information the state officials were confronted with the problem of reaching people speaking in the neighborhood of ten different tongues. A careful study of the conditions was made, and it was finally decided that the 100,000 copies should be divided between nine languages, the greater number being in English. The others will be Slavonian, Russian, Polish, Hungarian, German, Lithuanian, Swedish and Italian. Some of these languages will require additional type at the state printery.

NEW GUN.

War Department Has One Meant to Bring Down Aviators.

War department officials attached to the Watervleit, N. Y. arsenal have invented a gun they hope will eliminate the aeroplane as a great source of danger in war. The new weapon, which has an instantaneously acting sight, will shoot projectiles which in turn will break and scatter more, much after the manner of a bursting skyrocket. The space covered by the scattering projectiles from the new gun, however, will be far greater than that marked by the shooting points of light from a rocket.

The gun is entirely the work of the bureau of ordnance of the war department and is based on a series of secrets which, experts say, will prevent imitation of the weapon by any European nation. It is expected experiments will be held in the near future on Sandy Hook, when the inventors hope to prove that a moving aeroplane will be an easy target for the bullets from the new gun.

Increase In Burglaries.

From 11,173 in 1897 the number of burglaries and cases of housebreaking in the United Kingdom had increased to 19,888 in 1909.

Bicycles Still Popular.

During the day on which the traffic census was taken 12,505 cyclists entered the city of London.

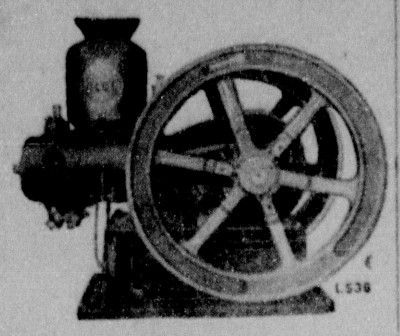
WILLIAM ARMSTRONG.



(First insertion Aug. 5, last Aug. 23.)

NOTICE OF SPECIAL ELECTION IN THE CITY OF MARYVILLE, NODAWAY COUNTY, MISSOURI.

Notice is hereby given that under and by virtue of the provisions of ordinance No. 514, of the City of Maryville, Missouri, passed and approved by the board of aldermen of said city at a session thereof, regularly opened and held on the 4th day of August, 1911, a special election will be held in said city on Thursday, the 24th day of August, 1911, for the purpose of testing the sense of the qualified voters of said city upon a proposition to increase the indebtedness of said city by issuing bonds in the sum of one hundred thousand dollars in the manner provided by law for the purpose of constructing or purchasing, improving and extending a water works system to supply said city and all persons, firms and corporations therein with water, and also to provide for the collection of an annual tax sufficient to pay the interest on said bonds as it falls due, and to create a sinking fund for the payment of the principal at maturity.

The polling places for said special election shall be as follows:

First ward—City hall.

Second ward—Robey's garage.

Third ward—Gray's feed yard.

Fourth ward—Nodaway Manufacturing company's shop, 114 East Second street.

Tickets will be provided for said special election in the following form:

"For increase of debt—Yes."

"For increase of debt—No."

The former of which shall be taken as a vote assenting to such increase of debt, and the latter as dissenting therefrom.

If the returns show two-thirds of the legal voters of said city voting at said special election have assented to the increasing of said indebtedness of said city in the sum of one hundred thousand dollars ($100,000.00) for the purpose hereinbefore recited, then the mayor and the board of aldermen, by proper ordinance, shall declare such result, and may cause bonds of said city to be issued covering the amount of said indebtedness in manner and form as provided by section 9547, Revised Statutes of Missouri, for 1909, and also to provide for the collection of an annual tax sufficient to pay the interest of such indebtedness as it falls due, and to constitute a sinking fund for the payment of the principal thereof at maturity.

A. S. ROBEY, Mayor.

Attest: C. L. GANN, City Clerk.

A CORROBORATION.

Of Interest to Maryville Readers.

seen in these columns enthusiastic praise of Doan's Kidney Pills, by residents of this locality.

Would these prominent people recommend a remedy that had not proven reliable?

Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement?

No stronger proof of merit can be had than cures that have stood the test of time.

The following statement should carry conviction to the mind of every Maryville reader.

G. S. Kemp, R. F. D. No. 1, King City, Gentry county, Mo., says: "I give Doan's Kidney Pills my endorsement and I willingly confirm the statement I made in their favor some years ago. This remedy has been of great benefit to me and I advise other kidney sufferers to give it a trial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Were Married Sunday.

A marriage license was granted Saturday evening by Recorder Wray to Frank O. Seals and Mabel Pliss of this city. The girl being under 16 years old, her father, William Pliss gave consent. The couple was married Sunday morning at 10 o'clock by Judge J. W. Morris at his home.

Mrs. S. M. Smith and son George of Pickering visited Maryville over Sunday with her parents, Mr. and Mrs. W. A. Townsend, and her sister, Mrs. E. T. Godsey.

MAY TRY TO PASS WOOL MEASURE

Legislation This Week is Centered on Tariff Revision.

TO TEST TAFT'S VETO THREATS

Will Attempt to Pass Bill Despite President—Absent Members of Congress Summoned to Washington on the Strength of Possibility.

Washington, Aug. 7.—The vortex of legislation this week centers on the tariff revision bills that are expected to emerge from conference and committee. The free list bill and the wool tariff bill are in the hands of Senator La Follette and Representative Underwood. Democratic Leader Underwood has been strongly in favor of putting the free list measure back into both houses in the hope of making a stronger showing than before in favor of the house bill unamended.

The effort of the progressive Republican-Democratic combination is to put the wool bill first before President Taft. Upon his expected veto the rest of the program of congress largely hinges, absentees in both houses having been summoned to Washington on the possibility of an attempt to pass one or more of the revision bills over a veto.

Both the senate and house leaders express confidence that an agreement will be reached on the wool and free list bills. There is considerable opposition to the cotton tariff revision bill, largely from the Carolina cotton manufacturers.

The cotton bill probably will be reported back to the senate adversely next Thursday. Its outlook is indefinite, although a combination may be able to pass it. The wool and free list bills may emerge from conference early this week. The wool bill, as it passed the senate, makes an average cut of from 61.74 per cent ad valorem to 36.24 per cent, a reduction of 23½ per cent from the average under the present law, but this will be changed in conference.

The free list bill places on the free list agricultural implements, cotton bagging, leather, boots, shoes, flour, lumber, salt, etc.

The cotton bill makes an average cut of 21 per cent ad valorem from the present law.

FOUR TREATIES MADE PUBLIC

Senate Adopts Plan of Giving Out Text Prior to Its Action.

Washington, Aug. 7.—The senate adopted the rather unusual course of making public the text of four treaties which have not yet received action at its hands. These were the Anglo-American and the Franco-American general arbitration treaties, and the treaties providing for the adjustment of the finances and customs of Honduras and Nicaragua.

Publicity was given to the important conventions at the request of the administration, which desires that the subject matter shall receive the fullest consideration by the press and the people in order to enlighten the senate as to the real sentiment of the country as a basis for its own action.

Some justification for this procedure developed when in the course of a short executive session two senators of opposite parties, Borah of Idaho and Bacon of Georgia, voiced their dissent to the conclusion of the arbitration treaties in the forms submitted. Their criticism was aimed at article III (identical in the two treaties), which in their opinion provides for compulsory arbitration, and thus tends to deprive the United States senate of its constitutional prerogative. The treaty advocates, however, felt that there had been a misunderstanding of the scope of the treaty, by the two senators named, and that a clause in article I of the treaties, which provides that there shall be no arbitration except under the terms of a special agreement effectively guards the rights of the senate as such special agreement shall receive the senate's sanction in order to become operative.

The British and French treaties are substantially the same, with the exception of the preambles, some small differences in dates of existing treaties referred to therein and some of the mechanical differences between the treaty making methods of the two governments. One important provision of the British treaty requires the British government to obtain the concurrence of any of its self-governing domains affected by the proposed arbitration.

Cannon Balls Peace Emblem.

Berkeley, Cal., Aug. 7.—This city will substitute an olive wreath made of cannon balls for the Spanish-American cannon which stands in one of the city squares. This decision was reached at a meeting of the city council in view of the signing of the arbitration agreement between the United States, Great Britain and France.

Big Battle in Colombia.

Guayaquil, Aug. 7.—According to advices received here a battle was fought between Colombian and Peruvian troops in Caqueta, a large unorganized territory in Colombia, and the Colombians were defeated with great losses.

FAST TRAIN HAS SHAKEUP

Pennsylvania 18-Hour Train Jumps Track in Indiana.

ENGINEER STICKS TO HIS POST

One Hundred Twenty-Five Passengers Get Severe Jolting, but Further Than This No Serious Injuries Reported—Delayed Two Hours.

Chicago, Aug. 7.—One hundred and twenty-five passengers on the Pennsylvania eighteen-hour train were frightened, but uninjured, when the engine, tender and baggage car jumped the track while going at full speed between Indiana Harbor and Buffington, Ind.

The engine and tender broke from the train when the engineer applied the emergency brakes, and leaving the rails plunged down an embankment. The train stopped with a jerk that threw the passengers from their seats, but remained upright on the tracks. The baggage car, immediately behind the tender, left the tracks, but did not overturn.

Fireman Hay jumped when the engine left the rails and was hurt seriously. Engineer Summers stuck to his engine and went into the ditch with it, in some manner escaping serious hurt.

The accident occurred when the train had gathered full speed going down the incline from the elevated tracks in Indiana harbor. The tender left the tracks and bumped along the ties. Engineer Summers applied the emergency brakes and the strain broke the coupling between the tender and baggage car.

The total delay to the fast train because of the accident was two hours.

A careful investigation failed to reveal any cause of the tender leaving the track and railroad men seemed unable to explain how it occurred.

"We had just got started at good speed on that part of the track on the surface grade after coming down the elevation in Indiana Harbor," said Engineer Summers. "First I noticed the tender was causing more than the usual amount of dust, then I felt a tug, as it left the rails, and threw on the emergency brake. That broke the coupling and the engine went off."

"No one on the train was hurt," said Conductor A. C. Ross, "though all were jarred a little when the train stopped so quickly. We were going at full speed and stopped within a few feet after the brakes were applied."

SWAT 6,000,000 FLIES

One Youth Kills 224,600 and Wins First Prize Offered by Paper.

Washington, Aug. 7.—The biggest fly swatting contest in the country ended here with 6,000,000 dead insects accounted for and with the returns still incomplete.

The participants in the contest were the school children of Washington, who for two weeks have been striving for the prizes offered by a newspaper to the ten boys and girls who swatted the greatest number of flies.

The dead flies were estimated by measure and credited to the contestants by Dr. Murray of the health department.

The first prize was won by Layton H. Burdett, a youth, who killed 224,600 flies in the fortnight.

It is not contended that the warfare has reduced the number of flies in Washington, but hundreds of households have been rid of the pests and the example set has given a remarkable impetus to the fly swatting movement here and elsewhere.

ISSUES MILLIONTH PATENT

United States Office Grants It to Maker of Puncture Proof Auto Tires.

Washington, Aug. 7.—The millionth patent issued by the United States was announced by Commissioner of Patents Moore. It is for a puncture proof tire for automobiles and other vehicles, depending upon rubber springs for its resiliency, and is the invention of an Akron, O., man.

So much interest had been displayed by the public in the conmpletion of the number 1,000,000 that Commissioner Moore consented to announce the patent ahead of publication in the next issue of the official gazette tomorrow.

Although this patent bears the number 1,000,000, it is really number 1,009,957. Until 1836, when the present bureau was organized, patents were issued without being numbered. Between 1790 and 1836, during which period patents were under control of the state department, 9,957 were issued.

Hunt Starters of Fire.

San Bernardino, Cal., Aug. 7.—R. H. Charlton, supervisor of Angles forest reserve, is making efforts to apprehend men suspected of having caused the fires which have been raging in the mountain ranges near here for twelve days.

Spanish Fort Falls; Kills Nine.

Valencia, Spain, Aug. 7.—A part of the old fortress of Bunol has collapsed and has buried thirty houses. Nine persons are dead and many are seriously injured. It is feared that other parts of the fortress may fall.

WANTS

Advertisements are inserted in this column at the rate of three lines (18 words) three days for 25 cents. For ads larger than three lines one cent extra will be charged for each word in excess of 18. Cash must accompany order for these small amounts.

FOR SALE—408 acres of fine land at only $35.00 per acre, and a fine fruit farm (4,000 trees) for $100 per acre.
R. L. McDOUGAL,
Abstracts of Title, Ins. and Loans.

"For Sale," "For Rent" and "Rooms for Rent" cards at this office, only 10 cents each.

FOR RENT—Two 6-room houses, also furnished rooms for light housekeeping. Inquire Eldon Lloyd, 407 West First street. 4-7

LOST—Small black pocketbook, containing $40, with I. O. O. F. card in it and the name of Henry Steele on it. If found, take it to Wabash freight depot and receive reward. 5-8

FOR SALE—Grapes just ripe for jelly. Phone orders, Hanamo No. 7. O. L. Holmes.

FOUND—Boy's shoe on state road, four miles east of Maryville, Saturday. Owner can have same by calling on J. C. Lanning and paying for this ad. Phone 24-12. 7-9

FOR RENT—After July 1st, good store building, South Main street. See J. F. Roelofson. 3-tf

LOST—Man's blue serge coat, Saturday, between Harmony church and Maryville. Notify C. R. Green, Ravenwood, Mo. 7-9

WANTED—Is there a live wire in Maryville not busy that wants to get into business? If so I want to talk to him at once. F. G. Shoemaker, Sr. 7-9

ATTENTION!—If "the line isn't busy," and you get your telephone batteries from us, you can talk anywhere, any time. Of course you know me. L. R. Holt. 7-12

PIANO BARGAIN—We have a practically new piano procured from the Maryville Publishing company, taken in part settlement for another instrument. In order to save further expense we will sell very cheap for cash or payments as low as $6.00 per month. For particulars write Olney Music Co., St. Joseph, Mo. 28-d&w-tf

FOR SALE—Large fireproof safe, cheap. Charles Hyslop. 10-tf

Ice Cream Social.

An ice cream social will be given by the Mt. Ayr church on Friday evening, August 11, on the lawn of John Headrich. Everybody is invited. 7-9

Fay H. Casteel, Hanger Sems, A. G. Bentley, Elmer McKee and John Buholt of Ravenwood were in the city Monday transacting business before the county court.

Coal! Coal!

On deck again at the old stand, corner 5th and Main.

And I am ready to book your order for coal of any kind, from a wagon load to car load and want to figure with you for your winter's coal. Get my prices before you buy.

Peter Mergen

SAVE YOUR HAIR; SAGE TEA WILL DO IT

Dandruff, Itching Scalp and Falling Hair Quickly Stopped.

There is one place where baldheaded men shine, and that is in the front row seats of the theatre. If those baldheaded people had used Wyeth's Sage and Sulphur Hair Remedy in their earlier days they would not be so conspicuous now. This preparation does not plant new hair, but it does strengthen weak, dying hair, and not only brightens dull, parched hair, but gradually restores the color to faded or gray hair. It is a clean, wholesome hair dressing, which can be used daily with perfect safety.

Wyeth's Sage and Sulphur is sold under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Special Agent, Koch Pharmacy.

VOLUME 2. MARYVILLE, MISSOURI, MONDAY, AUG. 7, 1911. NO. 55.

SAVANNAH'S STORM

HIGH WIND DID GREAT DAMAGE IN ANDREW COUNTY TOWN.

AUTO PARTIES CAUGHT

Maryville People Were Unable to Return on Account of Obstruction in the Road.

Bad storms, accompanied by a high wind, swept over the Savannah vicinity Sunday afternoon about 3:30 o'clock, doing a great deal of damage, aggregating thousands of dollars. Savannah suffered more than any of the other towns. Its telephone system was put out of commission and all the streets were strewn with fallen trees. Windows were shattered and the steeple of the South Methodist church was torn off. For five hours there was no service on the St. Joseph and Savannah interurban line. At Oregon, Mo., the storm broke up the Chautauqua session, tearing down the tents.

In Maryville there was no wind and very little rain. The rainfall was .12 of an inch, according to Weather Observer Brink.

An automobile party of Maryville people were caught in the storm two miles north of Savannah. They were Mr. and Mrs. Alex Wells and Mr. and Mrs. Edward M. Walker. They had spent Saturday and Sunday in St. Joseph with Mr. Walker's sister, Mrs. Lewis Allen, and family, and were on their way to the home of Mrs. Walker's brother, Roy Byers, and family, who live three miles northeast of Savannah, where they intended to spend Sunday night and return home Monday noon. When within a mile of their destination they were overtaken by the storm and stopped at a residence by the way. They were unable to return in the car Monday morning because the roads and streets in Savannah were strewn with faller trees and branches. They saw many barns that had been shattered by the wind, corn was beaten into the ground and everything in that community presented a pitiable appearance. They returned on the train at noon Monday. Mr. Wells will go to Savannah Monday evening and expects to be able to return with his car some time Tuesday. The party was accompanied home by little Marie Byers, the daughter of Mr. and Mrs. Roy Byers, and she will visit her grandparents, Mr. and Mrs. W. W. Byers, for several weeks.

Mr. and Mrs. S. G. Gillam and son Forest, who went to St. Joseph in Mr. Gillam's automobile to spend Sunday with friends, were unable to return Monday morning on account of the bad condition of the road in the Savannah vicinity. They were accompanied to St. Joseph by Mr. and Mrs. S. H. Townsend, who visited Mr. Townsend's daughter, Mrs. John Koch. They returned to Maryville by train Monday noon.

Manager Harry Todd of the Hanamo Telephone company and several men went to Savannah Monday morning to fix up the telephone wires.

MINERVA BAKER SUING FOR POSSESSION OF LAND

Suit was filed Monday by Attorney E. G. Cook for Minerva Baker against Mose Nusbaum and Clarence Baker. The petition says that the defendant was owner of a tract of land, and that on March 11, 1910, the defendants entered into possession of said land and unlawfully withheld from the plaintiff the possession. Judgment for $5 per month until possession is restored is asked for.

John Weyer and James Horton of near Ravenwood were in the city Saturday.

Latest stationery for correspondence at Crane's.

Chautauqua Campers

We carry a full and complete line of everything needed for camp life. Visit our tent on the Chautauqua grounds.

HUMBOLDT TAKES A DOUBLE-HEADER

Mink League Standing.

	Won.	Lost	Pr.ct.
Falls City	43	26	.623
Shenandoah	38	32	.543
Auburn	36	34	.514
Humboldt	34	35	.493
Clarinda	33	37	.471
Nebraska City	25	45	.357

Humboldt, Neb., Aug. 7.—Humboldt took both games of the double-header scheduled for Saturday. Score, first game:

	R.	H.	E.
Humboldt	0 0 2 0 4 0 1 1 *	8	11 1
Shenandoah	0 2 0 0 0 0 0 3 0	5	9 3

Batteries—Errett and Sumner; Johnson and Castle.

Score, second game:

	R.	H.	E.
Humboldt	0 1 0 0 0 3 2 0 *	6	10 2
Shenandoah	0 0 0 0 0 0 0 0 0	0	4 3

Batteries—Oswalt and Dietz; Baird and Castle. Umpire—Kissane.

Falls City, Neb., Aug. 7.—Falls City took the last game of the series Saturday from Nebraska City. Score:

	R.	H.	E.
Falls City	0 1 1 1 1 0 0 0 *	4	10 1
Nebraska City	0 0 0 1 0 0 1 0 0	2	4 2

Batteries—Clawson and Vanderhill; Williford and Pinkerton. Umpires—Sage and Meyers.

Auburn, Neb., Aug. 7.—Auburn slaughtered the Clarinda pitchers Saturday afternoon, winning an easy game. Score:

	R.	H.	E.
Auburn	3 2 2 3 1 0 1 1 *	13	17 2
Clarinda	0 0 0 0 2 0 2 0 0	4	8 5

Batteries—Macon and Kraninger; Burch and Harmony. Umpire—Kratsberg.

TWENTY TWO WILL RECIEVE LIFE DIPLOMAS

The summer term of the State Normal school will close Wednesday and there are twenty-two graduates that will receive life diplomas. There will be no commencement exercises, as there is one commencement being held each year, that being in May.

Members of the senior class who will receive life diplomas are:

Misses Golda Airy, Dora Carpenter, Myrtle Eckles, Nelle Hudson, Dora Day, Bertha Northcutt, Alice and Mary Orcutt, Alice Ray, Stella Q. Smith, and Messrs. A. E. Malotte and Homer Neff of Maryville; Lillis Knappenberger, Bolckow; Charles Miller, Eagleville; D. N. McClintock, Kingston; Pearl Ratcliff, Stanberry; Lillie Steinman, Albany; Nell Donan, Mound City; H. H. Hankins, Richmond; O. E. Jones, Albany; J. R. Watson, Plattsburg, and A. E. Wickizer, Bethany.

There are also forty-one candidates for the regents certificate.

The summer term of the Normal has been the most successful term in the history of the school. The attendance has been the largest. The outlook for the fall term is very promising.

HOW TO PRESERVE EGGS IN WATER GLASS

Go to any reliable druggist and secure water glass syrup (sodium silicate). One pint of this syrup added to nine pints of water makes a good egg preservative. Eggs should be packed in clean receptacles, small end down, and the preserving liquid poured over them until it stands a few inches above the topmost layer of eggs. Keep in a cool, dry, clean room until the eggs are wanted for use. If the container stands in too warm a place the eggs will not keep as long and the solution becomes milky, also a sticky deposit is liable to collect on the eggs.

COMMERCIAL CLUB TO MEET TUESDAY EVE

The Commercial club will meet Tuesday evening at 8 o'clock. There are several matters of interest that will be taken up, and every member is urged to attend.

On Visit With Sisters.

Mrs. Joseph Combs and little daughter, Louise, left Monday morning for Kansas City, Nevada and Lamar, Mo., where they will visit for four weeks with Mrs. Combs' sisters.

Eastman Kodaks and supplies at Crane's.

ONE MORE CHANCE

A FEW TICKETS LEFT FROM COMMERCIAL CLUB GUARANTEE.

OPENING DAY SATURDAY

Advance Sale of Tickets Indicates This Year's Chautauqua Will Be Big Success.

There still remain a few Chautauqua tickets at $1.50 which are on sale at the Raines Bros.' jewelry store. If you failed to get a ticket last week you have one more chance to get one at the $1.50 price.

The Commercial club agreed to sell 1,000 tickets at $1.50 for Manager P. O. Landon, and up to Saturday night nearly all of the 1,000 tickets were sold. The tickets on sale this week are the tickets that remain out of the 1,000.

The advance sale this year for the Chautauqua is the biggest since the establishment of a Chautauqua in Maryville, and promises to make the Chautauqua a financial success.

The Chautauqua will open Saturday, August 12, and no admission will be charged on that day. The program for this day is as follows:

1:30—Band plays uptown.

2:00—Band concert and Northwest Normal Quartet.

2:30—Short talks by Dr. H. K. Taylor and others.

4:00—Open air band concert.

7:45—Music by Normal quartet and Miss Jones.

8:30—Local talks on how best to organize a permanent Chautauqua company in Maryville.

LAST CHAPEL EXERCISES HELD MONDAY

The last chapel exercises of the summer term of the Normal were held Monday morning and included two excellent addresses by Rev. Miller and Mr. C. J. Colden.

After reading the Scripture lesson Rev. Miller addressed the students, taking as his subject "The Two Roads," from the thirteenth and fourteenth stanzas of the seventh chapter of Matthew.

"Enter ye in at the straight gate; for wide is the gate and broad is the way that leadeth to destruction, and many there be which go in thereat."

"Because straight is the gate and narrow is the way which leadeth unto life, and few there be that find it."

He spoke briefly on the Scriptural significance of his text and then applied it very aptly to the choice of action in school studies, habits, associations and character ideals.

Mr. C. J. Colden then talked to the students on the history of the school and the advance in education. He emphasized vocational education and spoke of the fact that he was glad to see that the departments of home economics, manual training, and agriculture had been placed upon a firm basis and were well advanced in their work in the school, not above nor below, but equal to any other department in the Normal. He also said that in facing his present audience he could think of only one thing, and that was equal suffrage. "If we do not have women's suffrage within the next fifty years it will be because you young ladies do not go out and teach it."

A few matters of interest to the students themselves were then taken up, among them the choosing of the winner of Saturday night's contest. Miss Jewel Bergen as the representative of Gentry county was elected winner, Nodaway county not competing for the prize.

Rev. Harrel of the Baptist church closed the exercises with a benediction.

Will Visit Her Son.

Mrs. J. McJimsey of Long Beach, Cal., spent Monday in Maryville with Mrs. J. T. Linville, who is her niece. Mrs. McJimsey is visiting her sister, Mrs. Malvina Bryant, at Burlington Junction. She is preparing to go on a visit to her son, Elmer E. E. McJimsey, at Springfield, Mo., where she will be for some time.

Guest of the Gex's.

Mr. and Mrs. Anderson Craig were week-end guests of Mr. and Mrs. Robert Gex, near Graham.

Miss Lena Basford went to St. Joseph Saturday evening to visit Mrs. Cora Grooms.

TO PICNIC TUESDAY

COLORED PEOPLE WILL CELEBRATE IN SCHOOL PARK.

BAND CONCERT TONIGHT

Music, Speaking and Military Drills to Be Features of the Entertainment.

Tomorrow is the day for the grand emancipation celebration given by the colored people of this city, which will be held in the Franklin school park. A good program has been arranged and the speakers secured are C. D. Morris, editor of the St. Joseph Gazette; B. R. Martin of St. Joseph, W. E. Wiles of Maryville, Dr. M. O. Ricketts of St. Joseph and Nelson C. Crews of Kansas City. A large crowd is expected to be in attendance at the celebration.

A band concert is to be given this evening at 8:30 o'clock by the Colored K. of P. band of Kansas City. The program for tomorrow is as follows:

10:30—Exhibition drill by A. R. Chinn Palestine Guards of St. Joseph on west side of court house.

11:15—Free concert by the Queen City Concert company of St. Joseph at the Franklin park.

1:30—Invocation by Rev. J. R. Carter.

1:45—Reading of the emancipation proclamation by Miss Ora Maulden.

2:00—Address by W. E. Wiles.

Queen City Concert company.

Address—B. R. Martin.

Address—Dr. O. M. Ricketts.

Queen City Concert company.

Address—C. D. Morris.

Address—Nelson C. Crews.

Queen City Concert company and band concert.

5:00—Exhibition drill.

7:30—Band concert and exhibition drill on court house square.

Communications

Our Water Supply.

The most important question to citizens of Maryville today is our water supply. I presume there is not a man or woman in Maryville but what would say that they want an abundant supply of good pure water.

Why should we use muddy and impure water when we have plenty of sheet water by digging for it at a depth of twenty or thirty feet.

All bacteriologists tell us that water from wells is much healthier than surface water. If the bonds are issued it is with the explicit understanding that the water shall be obtained from wells.

It is a fact well known to many that the 102 bottoms are underlaid with sheet water at no great depth, with a supply inexhaustible.

At New Conception the railroad company dug a large well this summer, going through the quick sand and course sand, and at a sufficient depth below to hold the supply of water.

When the well was finished, their tanks all being ready, an engine was put to work and filled all of them and did not lower the well but two inches, showing the supply of water was inexhaustible. I could furnish you a number of examples where the supply of sheet water in the 102 bottoms has been sufficiently tested to make it beyond a question as to the sufficiency to supply the city of Maryville.

We have an abundance of pure water by digging for it. Why not use it? The sheet water will not need any settling basin or filters, which are expensive and filthy.

Let us for a moment examine the report of Mr. Roy Cross, which was published last week. He says there are no typhoid germs in our city water. That is evidence, but not conclusive evidence, that there are none. Our best authors say that it is best to make several examinations of water to fully determine the absence of typhoid germs. He further says there are 1,000 bacteria (germs) in each cubic centimeter of the city water.

As an explanation I will say one cubic centimeter is one-fourth of a teaspoonful. Multiply 1,200 by 4 and you have the number of bacteria in one teaspoonful, which equals 4,800. There are eight teaspoonfuls in one ounce of water, hence by multiplying 4,800 by 8 you have the number of bacteria in one ounce, which is 38,400. An average drink would be about four ounces, making the number of germs 153,600. Now I submit to the thinking people of Maryville if that is not getting the bacteria in pretty thick? It might be well to state how these bacteria get into the water. They are washed in by rains fro mthe surface of the ground, sewage, and the dust that is blown by the wind. All surface water is full of them. All well water contains a few but not many.

Why not have well water that contains only a few bacteria instead of 102 river water that is teeming with germs that we are now using.

Dr. Sternberg, ex-surgeon general of the United States army, has a work on bacteriology from which I quote: Water that contains more than 500 bacteria to the cubic centimeter, although it may in many cases be harmless is to be looked upon with some suspicion, and water containing 1,000 or more bacteria is presumably drainage and should be rejected or filtered before it is used for drinking purposes. The life of bacteria in water depends upon the vegetable and animal matter held in solution that have been washed in from the surface of the ground and from sewage. You may take a given amount of water and as soon as the bacteria consumes all the pabulum and nourishment in it they will die. The water of sewers is naturally rich in bacteria. You will find more bacteria just above or below where sewage empties in richer in bacteria than at any other point. An excessive number of bacteria indicates an excessive amount of pabulum or decaying vegetable and animal matter in water.

Much more could be said along this line, but I do not deem it necessary to go into detail further. The question for the people of Maryville to decide is whether we shall have good, pure, wholesome well water or will you continue to drink this foul, unhealthy river water that is teeming with germs?

Now as for myself, I will give my ideas. We will have nothing more to do with the 102 river water or the antiquated, worn out machinery at the river, which has done service for twenty-five years. We want no more settling basins to be opened up and pumped directly into our stardpipe without being filtered. What we want is to come west as far as we can and be in the sheet water, there sink our wells and say to the city water company, we will buy at what it is worth today your mains, or in the event they will not do us just and right, we will put it in new from start to finish. The electric light company say they will pump the water up here for 7 cents per 1,000 gallons. In that event we will not have to buy any engines or boilers or coal, and keep one or two men at the pumping station at a great expense. I do not deem it necessary to go into details as to the running of the plant, paying interest, etc., as that was gone over thoroughly and satisfactorily by Mr. Ford and The Democrat-Forum. I am sure, as they say in their articles, that we will be free from debt in fifteen or twenty years and own the water plant in fee simple.

If you refuse to vote the bonds there will still be the necessity to drink the filthy city water, which at times is not fit to bathe in. And at a price dictated by the London bondholders that have no interest whatever in the city of Maryville, only to clip the interest coupons annually, while we suffer the consequences.

In conclusion, let me say that the analysis of Roy Cross published by Mr. Roseberry shows beyond any question that the city water is unfit for drinking purposes. Remember that I quoted Ex-Surgeon General Sternberg in his work on bacteriology, who says that water containing over 1,000 bacteria to the cubic centimeter is contanminated with sewage, and is unfit for use, unless it is filtered. Our city water shows 1,200 bacteria, according to Cross' report.

Do the good people of Maryville want to drink that kind of water? I for one will object.

J. W. DEAN.

What Rev. John Says.

Editor Democrat-Forum: We have heard that municipal ownership is a great success in Kansas City. If so, how are we to explain the following from the Kansas City Journal of February 18, 1911:

"Socialism in the form of municipal ownership of water works has proved a disappointing experience to the taxpayers of Kansas City. Within two years after the city purchased the plant the board of public works was forced to call for the levy of a heavy maintenance tax to keep up the operation of the works, and this levy, ranging from a half mill to two mills, has been made without exception during the fourteen or more years since. Besides the maintenance levy the taxpayers have been called on repeatedly

(Continued on page two.)

LITTLE GIRL KILLED

DAUGHTER OF ROBERT WACHTEL, A FARMER NEAR GRAHAM.

WAS RIDING HORSEBACK

Animal Stepped in Hole in Bridge and Threw Her, Breaking Her Neck.

Pearl Wachtel, the 12-year-old daughter of Mr. and Mrs. Robert Wachtel, living near Graham, was killed Monday morning while driving over a bridge near her home.

With her little brother she started on horseback to drive some cows to pasture. In passing over a bridge about 100 yards from her home the horse stepped in a hole in the bridge and threw her headlong, breaking her neck and otherwise injuring her. Her little brother, who was riding behind her, managed to jump in time to save himself.

Mrs. Wachtel saw the accident and ran to her children. The little girl died in about fifteen minutes after she was thrown from the horse.

Mr. Wachtel is a brother of Mrs. John W. Airy of this city. Owing to the bad condition of the telephone from the storm of Sunday afternoon The Democrat-Forum was unable to get further particulars of the sad occurrence.

"BUFFALO BILL" SHOW IN CITY ON SEPT. 22

Buffalo Bill's wild west show has made arrangements to put on their show in Maryville on September 22. The circus is one of the largest on the road.

St. Joseph Guests Go Home.

Misses Lucile and Virginia Sheridan, who have been guests of Miss Frances Keeler, returned to their home in St. Joseph Monday morning.

Gone to Market.

Mrs. W. J. Staples left Monday morning for a week's absence at the St. Louis millinery market. She spent Monday in St. Joseph.

Miss Edna Heaton of Darlington, who has been visiting the family of her brother, Andrew Heaton, eight miles southeast of Maryville, was in Maryville Monday afternoon on her way home.

Mrs. Donald Cady returned to her home in St. Joseph Monday morning after a week's visit with her mother, Mrs. C. P. Denny, and family.

Mrs. G. W. Neely returned to her home in Bolckow Saturday evening after a week's visit with her daughter, Mrs. W. D. Walker, living in the Mt. Ayr neighborhood.

Latest post cards, 1 cent each, at Crane's.

The Weather

Showers this afternoon; generally fair tonight and Tuesday; cooler tonight.

Eye Warnings

Come in aches, pains and burning sensations. Most everbody feels these symptoms sooner or later—but few people heed them soon enough. If you have cause to rub your eyes when reading at night, or when sewing, it is ample time to get the help of glasses. The right glasses will give immediate relief. We are able to fit you perfectly in the quickest possible time.

to vote bonds amounting to considerably more than $1,000,000 for repairs and betterments, and yet the plant is still in a precarious and dilapidated condition. With costly pumps pounding themselves to pieces on the rocky basement of the intake pumping station, and with constant danger of the collapse of the station on account of the inroads of seepage water, and still further danger of the city's entire supply being cut off if the seepage water is not pumped out of the station, municipal ownership has proved non-supporting and unsatisfactory in every respect in this community."

If the $160,000 bond proposition carries what assurance have the taxpayers of Maryville that that amount is sufficient to pay for such a water plant as Maryville must have? And further, what assurance can anybody give that there will not be a demand for additional bonds for maintenance purposes long before the $100,000 issue is paid off? Municipal ownership is a beautiful theory, a beautiful ideal. Yes, but like most theories and ideals, unrealizable.

C. H. JOHN.

BAKER & HILL SELL OUT TO W. H. GEORGE

The hardware store of Baker & Hill, on the west side of the square, was sold last week to W. H. George of Holden, Mo., who will take possession the last of this week. The store is now being invoiced.

Baker & Hill have been in business in Maryville about a year, having purchased the hardware store from R. E. Snodgrass. Mr. Hill will remain in Maryville with Mr. George, and Mr. Baker is undecided about what he will do in the future. Mr. Baker will take a needed vacation. He has sold his residence property to Mr. George.

SECURED CONTRACT FOR BEDFORD OPERA HOUSE

Lincoln Bent of this city has secured the contract of J. J. Clark of Bedford for the building of the new opera house to be erected at that city. The opera house is to cost $20,000, and, according to present plans, will be a credit to any city much larger than Bedford.

COUNTY COURT IS IN SESSION THIS WEEK

County court was in session Monday. Several bridge petitions and a petition for the vacation of a public road between the county line of Atchison and Nodaway, or in Green township, were filed and will be taken up by the court.

Stop Frowning

Frowns are a pretty sure indication of weak eyes or defective vison — also that a good pair of glasses are needed; they will improve your looks as well as your eyesight.

Wear Proper Glasses

Glasses to fit your needs must fit your features as well as your eyes. We can do both to your entire satisfaction.

YOU WILL LOOK WELL AND SEE WELL IF YOU HAVE THEM FITTED AT

DES MOINES CAR SYSTEM RESUMES

Order of Judge Obeyed by Company and Men.

NEW WAY TO SETTLE STRIKE.

Mandatory Injunction Stops Promised Bitter Struggle and Cars Are Again in Operation—Men Are Out Only Forty Hours—Crowds Cheer Crews.

Des Moines, Aug. 7.—Street car traffic was resumed in Des Moines and the forty-hour strike was terminated.

For the first time in the history of the country the order of a court has put an end to what gave every indivation of becoming one of the bitterest struggles ever waged between organized labor on the one hand and capital on the other.

The mandate issued by Judge Lawrence DeGraff of the district court was promptly obeyed by the Des Moines City Railway company and the carmen's union, and while there is ample prospect of a fight later in the courts one thing is certain, an injunction has restored, temporarily at least, nearly 500 conductors and motormen to their original positions.

The scenes attending the resumption of traffic rivaled those of Friday night when the men turned the cars in for what many of them thought would be the last time. The streets in the vicinity of the central waiting rooms at Sixth and Mulberry streets were thronged for nearly three hours before the time set for the first car to pass. When extras announced that the first car had left the Twenty-fourth street barn enthusiasm began to show itself, and when car No. 188 of the university line passed the station, the crowd tendered the crew a rousing ovation.

Cheers for All Crews.

It was not long before the first cars on every line had reached the station and each of the crews as they came up was greeted with cheers.

That a new method of handling labor difficulties has been discovered was the statement of N. T. Guernsey, attorney for the street car company, following the acquiescence of the company in Judge DeGraff's order. At the same time he said his clients were by no means satisfied that the court was within its jurisdiction in issuing the mandatory injunction, but for the present they were willing to abide by it, leaving to a later date the trial of the case on its merits.

Fred Fay of Ypsilanti, Mich., international board member of the Amalgamated Association of Street and Electric Railway Employes of America, who conducted the brief strike, was much pleased with the turn of events. He said that while he and the members of the executive committee had preferred that the strike continue until a new agreement had been signed, the intervention of the court was acceptable because it gave to the union exactly what it had asked. This was the reinstatement of Conductor Benjamin J. Hiatt, whose recent discharge without an investigation led to the trouble, and the order that arbitration must decide whether or not he is to remain with the company.

Hiatt was one of the first men out of the Twenty-fourth street barn and his friends along the route gave him ample evidence of their esteem in frequent cheers.

The suit in equity which terminated the strike, was brought by the city of Des Moines, through its city counsellors, H. W. Byers and Robert O. Brenhan, upon the order of the city council. A hearing to determine whether the injunction shall be made permanent probably will be had tomorrow.

Des Moines Ball Team Sold.

Omaha, Aug. 7.—Announcement was made of the sale of the Des Moines baseball team by President John F. Higgins. Who the purchasers of the team are and where they hail from is at present unknown to the public and will be kept a secret pending the transfer of stock and purchase price. That the new purchasers, who are two in number, are in good with the Des Moines fans is an established fact according to Mr. Higgins.

Bandit Caught and Identified.

Salt Lake City, Aug. 7.—James Mays, who claims to be an automobile repairer, recently from Portland, Ore., is under arrest here charged with being the bandit who held up a coach load of passengers on the Saltair railroad last night. The holdup occurred as the train was nearing Salt Lake City on the trip from the resort, and three persons were shot and slightly wounded.

Conservation Headquarters Opened.

Kansas City, Mo., Aug. 7.—Officers of the national conservation congress established headquarters in this city and began arrangements for the meeting of the congress here Sept. 25 to 27. Henry Wallace of Des Moines, president of the congress, said one of the principal subjects to be considered will be "Conservation of the Fertility of the Soil."

Togo at Mount Vernon.

Washington, Aug. 7.—Reverently and with a brief invocation at Japanese, Admiral Count Togo placed a wreath of roses on the tomb of Washington at Mount Vernon.

AIR MAN TO CARRY MAILS

Grahame-White to Be Postman Between London and Windsor.

London, Aug. 7.—The postmaster general is arranging with Claude Grahame-White, the aviator, for an experimental aeroplane postal service between London and Windsor. The service will start this month.

KILLS SWEETHEART'S BROTHER IN QUARREL

Butler Returns After Absence of Year and Shoots Walsh.

St. Louis, Aug. 7.—Albert G. Butler of Maplewood, Mo., a suburb of St. Louis, returned after an absence of a year and, in a quarrel with his sweetheart's brother, Eugene Walsh, shot and killed the latter. As Butler was walking away from the scene of the shooting he was taken in charge by the Rev. James Broadhead, a Methodist minister, who took him to the nearest police station within the city limits.

Butler told the police he had been courting Miss Nellie Walsh before his departure for the east a year ago and that he was engaged to the girl. This the family denies. It was over this that the two young men quarreled.

Butler says he expected trouble, and that when he went to church he carried a revolver. When he met Walsh he says, they had words and that Walsh started for him. He claims he shot in self-defense. The shooting occurred in front of the Walsh home.

Shortly after Butler had been taken in charge by the minister a mob formed and an attempt was made to enter the minister's home and take the prisoner from him. The pleas of the minister and the timely arrival of the police prevented any trouble.

BEACHEY WINS AIR RACE

Flies From New York to Philadelphia in Two Hours.

Philadelphia, Aug. 7.—With his two competitors still thirty miles or more from the finish line, Lincoln Beachey won the New York-Philadelphia aeroplane race in easy fashion. Two hours and twenty-two and two-fifths seconds after he had ascended from Thirty-third street in New York he sailed over Ninth and Market streets here, the finishing point. Then he continued several miles to the Belmont plateau in Fairmont park, where he landed without mishap.

Beachey's rivals in the race were Eugene Ely and Hugh A. Robinson. Charles K. Hamilton was to have started, but declined to fly because of unfavorable air conditions and Ely took his place. The race was for a purse of $10,000.

Beachey landed once, at Trenton, N. J., fifty-eight miles west of New York, where he took on gasoline for the rest of his journey.

Columbia Arrives With Bow Stove In.

New York Aug. 7.—The Anchor line steamer Columbia, which collided with an iceberg on Aug. 2, reached New York from Glasgow under her own steam. Many yards of canvas covered the hole made in her bow by the iceberg, but her officers said the damage was entirely above the water line. The accident occurred about 120 miles off New Foundland.

Fifty-One Million Bushels of Wheat.

Topeka, Aug. 7.—Kansas raised 51,365,000 bushels of wheat this year and the corn crop condition is 54.3, according to a report issued by F. D. Coburn, secretary of the state board of agriculture. The wheat crop is 9,000,000 bushels less than last year and one-third less than the average for the last ten years.

Recall Petitions Filed.

Wichita, Kan., Aug. 7.—Petitions asking for the recall of Mayor J. H. Graham and E. M. Leach and R. B. Campbell, commissioners, were filed with the city clerk.

BARNARD.

The ball game stood Saturday 7 to 4 in favor of Rosendale.

The Hon. B. R. Martin certainly knows how to hold and entertain an audience, although over an hour late the people smiled when they saw him step upon the platform, showing their appreciation for the privilege of seeing and hearing their old friend.

The selections by Perry and Gahill were very entertaining, and their Irish wit was simply fine.

The Hon. A. B. Duncan failed to arrive and the programme was filled by local talent.

The Guyman band maintained their usual entertaining selections all through the three days' program and were highly appreciated by all who heard them.

The crowds each day increased and on Saturday about 3 o'clock it was almost impossible to get through between the speakers' stand and the merry-go-round.

So the Barnard picnic is a thing of the past for this year. Every person seemed to enjoy themselves and the meeting and greeting of all friends was only marred by the thought of being separated again, possibly for another year. Come again.

Elder McFarland, who for a number of years was in the hardware business in Barnard, just returned today from a visit to Texas, his family remaining in Texas on account of his daughter's health, who was not able to return with him.

Arthur Hazelwood reports that his wife's health has not improved any since she arrived in California.

Rochester Stamped Ware,

in copper, brass and nickel plated copper, will make a creditable showing among the nicest things you have.

News of Society and Womens' Clubs

Picnicked on 102.

Mrs. W. T. Garrett and her daughters, Misses Lou and Jennie Garrett, and her granddaughter, Margaret Foster of Chariton, Ia.; Mr. and Mrs. W. O. Garrett and little son and daughter, and Mr. and Mrs. Frank L. Garrett went to a pleasant shady spot on the 102 river north of Maryville Sunday and spent the day.

Entertained Brothers and Sister.

Mr. and Mrs. C. M. Baker of Prather avenue entertained a company at dinner Sunday comprising the brothers and sister of Mrs. Baker and their families, including Mrs. T. A. Turnbull and children, Glen and Varn, of Blanchard, Ia.; Mr. Jesse Wilcox of Blanchard, Ia.; Mr. and Mrs. E. V. Wilcox and son, Donald, of Maryville; Mr. and Mrs. J. E. Wilcox of Superior, Neb.

Surprised on Birthday.

Mrs. Basil Auffart, daughter of Mr. and Mrs. W. L. Robey, was happily surprised Sunday by a company of friends, who gathered at her home, on East Edward street to celebrate her twentieth birthday anniversary. A picnic dinner was spread by the guests. Those present were: Mr. and Mrs. Auffart and son, Irvan Basil; Mr. and Mrs. Henry Trullinger, Mrs. Anna Daniels, Mrs. Ira Murphy, Miss Oma and Mabel Robey, Miss Lettie Daniels, Charles and Arley Robey, Arthur and Wiley Robey, Ernest Daniels, Glenn Trullinger and Harold Daniels.

Sunday School Picnic.

The Sunday school of the First Baptist church will have an all-day picnic Thursday at the home of Mr. and Mrs. John C. White, six miles northwest of Maryville.

Miss Pierce will entertain.

Miss Dorothy Pierce has issued invitations for a card party Thursday afternoon, for the pleasure of her guest, Miss Geraldine Coffee of Steelville.

For Miss Benight.

Miss Elise Jackson gave an informal euchre party Saturday afternoon for Miss Laura Helen Ford's guest, Miss Cecil Benight of St. Joseph. Miss Jackson was assisted by her mother, Mrs. C. S. Jackson. The game prize was carried off by Miss Esther Shoemaker and the guest prize went to Miss Geraldine Coffee, who is visiting Miss Dorothy Pierce. The out-of-town guests were Miss Benight, Miss Marguerite Watkins, who is visiting Miss Shoemaker, and Mrs. Edward Sturm of Oklahoma City, who is the guest of her parents, Mr. and Mrs. C. Q. Smith.

Birthday Dinner Party.

A three-course dinner was given Sunday at the country home of Mr. and Mrs. Ed Myers, three miles south of Maryville, to honor the thirty-second birthday of Mr. Myers. Red and yellow were used in decorative effect. Mr. Myers was the recipient of a handsome rocking chair and other remembrances. The afternoon was spent in social intercourse and games. Plates were laid for the following at dinner: Mr. and Mrs. Henry Myers, Mr. and Mrs. Will Myers of near Pickering, Mr. and Mrs. Charles Myers and daughter, Lucile; Mr. and Mrs. Pete Myers and sons, Daniel and Leo; Mr. and Mrs. John Holtman and children, Loretta and Lawrence, of Conception; Mr. and Mrs. Frank Mercher and son, Ralph; Mr. and Mrs. Mike Sturm and children, Fredda, Marie, Margaret and Willie; Mr. and Mrs. Mike Baker and children, Gaylord, Hubert and Charley; Misses Carrie and Rosa Myers, Agnes Henggler, Messrs. John Myers, Nick Myers, Alonzo and John Henggler of Conception, Leo Blaley of Clyde.

ON AUTO TRIP TO KANSAS NEBRASKA AND IOWA

George L. Wilfley, W. C. Pierce, Horace F. Leet and Will F. Phares left Monday noon in Mr. Wilfley's automobile for a week's trip in Kansas, Nebraska and Iowa. They will go to St. Joseph today, where they will spend the night, and from there they will go into Kansas and Nebraska, and will stop at the following towns: Troy and Hiawatha, in Kansas; Pawnee, Liberty, Tecumseh, Lincoln and Omaha in Nebraska, and Council Bluffs, Atlantic, Villisca and Clarinda, in Iowa. At Liberty, Neb., they will spend a day at the farm of Mr. Leet, which is located near that city.

NO COPY OF THE BIBLE AT THE PUBLIC LIBRARY

From time to time lists of the new books received at the Carnegie library are published and contain many excellent works. To print a list of the good books not in the library would be a tremendous task, and it would be too much to ask to have them purchased and placed on the shelves of a small library like our own. However, there is one book that is lacking which we think it would be well to have placed in the Carnegie library and that is the "Holy Bible." At present they have no copy and cannot supply the calls which are made from time to time for the Bible.

WRAY STRUCK OUT TWENTY-THREE MEN

The Maryville Whirlwinds defeated the Bedford high school team at Bedford, Ia., Saturday by a score of 10 to 6. The battery for Maryville was Wray and Green, and for Bedford Beard and Smith. Dick Wray was in fine form and pitched a good game, only two hits being secured by Bedford and twenty-three men were struck out.

TO HAVE A PICNIC AT HARMONY CHURCH GROVE

The Myrtle Tree and Harmony Sunday school are to have a picnic on Wednesday, August 9, at the Harmony church grove. The features of the picnic will be a basket dinner at noon, and in the afternoon a base ball game between the Sunday schools of the churches. In the morning W. H. Crawford will speak, and in the afternoon Prof. B. F. Duncan. Besides speaking, music and other features will be on the program.

Attended Barnard Picnic.

Among those attending the Barnard picnic Saturday were Miss Ella Noll and little niece, Wilda Keef; Paul Basford, Misses Mabel Jenkins, Nellie McKnight, Roy Turpin, Letha Patterson, Mrs. Gladys McLarnon, Miss Chloe Shopbell, Mrs. Ora Cooper, Misses Ahrino Herwick, Teresa Shonley, Gertrude Carmichael, Lena Andrew, Fayla Rogers, Jessie Ramsey, May Evans, Nellie Beardsley, Chloe Head, May Davis, Anna Weiderholt and Merle Selecman, from Maryville, and Miss Vesper Nicholas, Miss Edith Patterson and George Patterson of Burlington Junction.

Mr. Childress Much Better.

Mr. and Mrs. H. P. Childress returned to their home on Prather avenue Sunday afternoon from a two weeks' stay at the home of their daughter, Mrs. Cora Trullinger, on South Fillmore street. Mr. Childress is recovering from a two months' siege of blood poisoning in one of his hands. Two weeks ago an ulcer formed in one of his eyes and he was taken to Mrs. Trullinger's home, where he was cared for by her and her daughter, Miss Helen. Dr. F. R. Anthony at first feared Mr. Childress would lose his eyesight, and although the sight will be affected some, he will recover from the attack, and is getting along nicely.

Have Visitor from Kansas.

Mrs. Julia Denny of Benedict, Kan., is a guest at the home of Mr. and Mrs. Henry Thorp. She accompanied her sister, Mrs. Charles W. Thorp, who is Mrs. Henry Thorp's mother, to Maryville Saturday night from Barnard, where they had been attending the picnic. Mr. Denny came with them, but returned to Barnard Sunday to resume his visit with old friends there, and Mrs. Denny will meet him there Wednesday.

Luke Comer went to Burlington Junction Monday to spend a few days.

Latest fall styles in new white felt hats at Mrs. Cora Trullinger's millinery.

MR. MOREHOUSE'S MOTHER DIED

Walter C. Morehouse and daughter, Miss Ruth, of Hopkins, arrived in Maryville Sunday morning from St. Louis, where they were called a few days previous by the death of Mr. Morehouse's mother, Mrs. L. H. Adair, who had been sick a long time. Mrs. Adair's home was at Wellston, a suburb of St. Louis. Her son, who is her only child, had made her several visits in the last few weeks, owing to her critical condition. Her body was buried in St. Louis.

Mr. Morehouse was met in Maryville Sunday forenoon by E. S. Hedinger and J. D. Downing of Hopkins in Mr. Hedinger's car, and with his daughter returned to their home by noon. The party was accompanied by Mrs. S. J. Yeomans, who went to see how her new residence is progressing.

Card of Thanks.

We desire to express our sincere thanks to our neighbors and friends for their assistance and sympathy during the recent sickness and death of my wife and our mother, Mrs. Milley Severs, who died last Tuesday—Mr. J. T. Severs and Children of Pickering.

Miss Emma Crandall, cashier for the Alderman dry goods firm, is spending this week with Miss Myrtle Parrish of Barnard.

Mr. and Mrs. Madison Goodson and daughter, Miss Frankie, and Miss Elma Casteel of Ravenwood came over in Mr. Goodson's automobile Saturday to do some shopping in the city.

Dr. Jesse Miller and family returned Monday morning from a short visit at Hopkins with Dr. Miller's brother, Dr. Ed Miller, and family.

Mrs. J. G. Trilby of St. Joseph visited over Sunday in Maryville with her parents, Mr. and Mrs. O. P. Wade.

Miss Margaret O'Donnell visited over Sunday with the family of Thomas Ferrell.

Sundayed in Omaha.

W. J. Hutton and family and Harry Aldrich took an automobile trip to Omaha Sunday and spent the day there.

Miss Anna Stapler will go to Omaha Tuesday for a few days' visit with her brother, Frank Stapler, and his wife.

Mrs. Edward McDowell and her sister, Miss Anna Walker, and brother, Charles Walker of Burlington Junction, arrived in Maryville Monday and are guests of Dr. McDowell's mother, Mrs. John W. McDowell of West Twelfth street. Dr. McDowell and his little boy and girl, both of whom have recovered from their illness, have been at his mother's home for several days. They expect to leave soon for their home in Okmulgee, Okla.

Mrs. George Houston and son of Stanberry, who have been visiting her parents, Mr. and Mrs. J. A. Shullenberger, and her sister, Mrs. Walter Westfall, returned to their home Monday.

Mr. and Mrs. Roy H. Wolfers of Pickering drove to Maryville Monday afternoon in the Wolfers car on a short business trip.

A SOLEMN MOMENT.

When the Great Mail Steamer Was Stopped In Midocean.

The great steamship wavered; the screw revolved more slowly and gradually ceased to turn. There is something uncannily disquieting about an unmoving ship in the middle of the ocean, and for a few moments there were fearsome rumors among the second and third cabin passengers. The steerage, being nearer to the heart of things, understood what was going on.

The deck stewards went about explaining, and as they explained the passengers moved to points of vantage. Then all was very quiet—quiet even for the sea.

A man whom the first cabin passengers knew to be a famous bishop stepped down from among them. A heavy, clumsy, grewsome bundle was brought up. Over it the bishop, with bared and reverent head, intoned the service for those who are buried at sea. As the bishop spoke the words of committal, "We therefore commit his body to the deep, to be turned into corruption, looking for the resurrection of the body, when the sea shall give up its dead," a door in the bulwarks was lifted for the bundle and let down again, the ship began to move, sluggishly at first, then smoothly as was its wont, and the passengers went back to their games, their books and their lovemaking.

The greatest event in the dead stoker's career was over. He had stopped his majesty's mail.—Exchange.

...VED ELEVEN DAYS WITH HIS HEART CUT.

Autopsy Reveals Surprising Case of Victim of Stab Wound.

An autopsy on the body of Peter Paulsen, thirty years old, of New York, who, after a fight in which he received a deep gash in his breast, was removed to St. Vincent's hospital in an unconscious condition and who died in the hospital, revealed the astounding fact that the man had lived for eleven days with a knife wound in his heart fully an inch and a half deep.

Paulsen was a Dane of great physical strength. The wound was so large that Dr. E. S. Cockel of the hospital staff had great difficulty in checking the flow of blood. Gauze was finally shoved into the wound against the heart wall. This tended to check the flow. The outer wound, however, healed so rapidly that it had to be reopened several times to insert fresh gauze. In the meantime quantities of morphine were administered.

The patient did not begin to suffer until the last ten hours of his life, when, notwithstanding the greatest possible caution, blood poisoning set in. It was known that the wound was deep, but it was not surmised that the knife had entered the heart until physicians performed the autopsy.

DIED FOR A CAT.

Artist Rushed Into the Flames to Try to Save Her Pet.

Returning to a burning structure to try to rescue an Angora cat and three kittens, Miss Louise B. Frederici, thirty years old, an artist, lost her life in a fire which destroyed three houses in Los Angeles. The young woman was caught beneath a falling roof and incinerated. Another pet cat was responsible for saving eleven lives.

Mrs. Nellie S. Drane had lighted the heater in the kitchen. She returned to bed and fell asleep. She was awakened some time later by the actions of a pet cat, which had discovered the flames. The cat ran to her room and started to claw the clothing from her bed. This awakened Mrs. Drane, who, smelling smoke, rushed into the kitchen to find the rear of her home ablaze. She gave the alarm, and the other eleven occupants of the house, including Miss Frederici, barely escaped from the burning structure.

Miss Frederici after gaining the street remembered that her pet cat, which was nursing three kittens in a basket in her bedchamber, had been overlooked. Ignoring the protests of her friends, she dashed back through the smoke and flames. She had no sooner disappeared into the doomed structure than spectators were horrified to see the roof give way and crash to the first floor.

UNIQUE IDEA.

Pennsylvania Mine Code to Be Printed In Nine Languages.

A unique order for printing has just been given to the Pennsylvania state printer by A. Nevin Pomeroy, state superintendent of public printing, and it illustrates the diversity of population of Pennsylvania's mining regions.

In order that miners in every section of the great bituminous coal fields of the state may be made familiar with the provisions of the "soft coal code" passed by the recent legislature arrangement was made for the issuance of 100,000 copies of the act soon after it was approved.

When it came to looking up the manner of diffusing the information the state officials were confronted with the problem of reaching people speaking in the neighborhood of ten different tongues. A careful study of the conditions was made, and it was finally decided that the 100,000 copies should be divided between nine languages, the greater number being in English. The others will be Slavonian, Russian, Polish, Hungarian, German, Lithuanian, Swedish and Italian. Some of these languages will require additional type at the state printery.

NEW GUN.

War Department Has One Meant to Bring Down Aviators.

War department officials attached to the Watervleit, N. Y. arsenal have invented a gun they hope will eliminate the aeroplane as a great source of danger in war. The new weapon, which has an instantaneously acting sight, will shoot projectiles which in turn will break and scatter more, much after the manner of a bursting skyrocket. The space covered by the scattering projectiles from the new gun, however, will be far greater than that marked by the shooting points of light from a rocket.

The gun is entirely the work of the bureau of ordnance of the war department and is based on a series of secrets which, experts say, will prevent imitation of the weapon by any European nation. It is expected experiments will be held in the near future on Sandy Hook, when the inventors hope to prove that a moving aeroplane will be an easy target for the bullets from the new gun.

Increase In Burglaries.

From 11,173 in 1897 the number of burglaries and cases of housebreaking in the United Kingdom had increased to 19,888 in 1909.

Bicycles Still Popular.

During the day on which the traffic census was taken 12,505 cyclists entered the city of London.

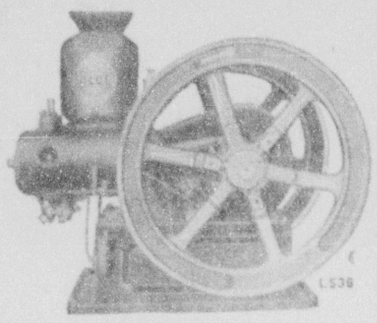
WILLIAM ARMSTRONG.



(First insertion Aug. 5, last Aug. 23.)

NOTICE OF SPECIAL ELECTION IN THE CITY OF MARYVILLE, NODAWAY COUNTY, MISSOURI.

Notice is hereby given that under and by virtue of the provisions of ordinance No. 514, of the City of Maryville, Missouri, passed and approved by the board of aldermen of said city at a session thereof, regularly opened and held on the 4th day of August, 1911, a special election will be held in said city on Thursday, the 24th day of August, 1911, for the purpose of testing the sense of the qualified voters of said city upon a proposition to increase the indebtedness of said city by issuing bonds in the sum of one hundred thousand dollars in the manner provided by law for the purpose of constructing or purchasing, improving and extending a water works system to supply said city and all persons, firms and corporations therein with water, and also to provide for the collection of an annual tax sufficient to pay the interest on said bonds as it falls due, and to create a sinking fund for the payment of the principal at maturity.

The polling places for said special election shall be as follows:

First ward—City hall.

Second ward—Robey's garage.

Third ward—Gray's feed yard.

Fourth ward—Nodaway Manufacturing company's shop, 114 East Second street.

Tickets will be provided for said special election in the following form:

"For increase of debt—Yes."

"For increase of debt—No."

The former of which shall be taken as a vote assenting to such increase of debt, and the latter as dissenting therefrom.

If the returns show two-thirds of the legal voters of said city voting at said special election have assented to the increasing of said indebtedness of said city in the sum of one hundred thousand dollars ($100,000.00) for the purpose hereinbefore recited, then the mayor and the board of aldermen, by proper ordinance, shall declare such result, and may cause bonds of said city to be issued covering the amount of said indebtedness in manner and form as provided by section 9547, Revised Statutes of Missouri, for 1909, and also to provide for the collection of an annual tax sufficient to pay the interest of such indebtedness as it falls due, and to constitute a sinking fund for the payment of the principal thereof at maturity.

A. S. ROBEY, Mayor.

Attest: C. L. GANN, City Clerk.

A CORROBORATION.

Of Interest to Maryville Readers.

seen in these columns enthusiastic praise of Doan's Kidney Pills, by residents of this locality.

Would these prominent people recommend a remedy that had not proven reliable?

Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement?

No stronger proof of merit can be had than cures that have stood the test of time.

The following statement should carry conviction to the mind of every Maryville reader.

G. S. Kemp, R. F. D. No. 1, King City, Gentry county, Mo., says: "I give Doan's Kidney Pills my endorsement and I willingly confirm the statement I made in their favor some years ago. This remedy has been of great benefit to me and I advise other kidney sufferers to give it a trial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Were Married Sunday.

A marriage license was granted Saturday evening by Recorder Wray to Frank O. Seals and Mabel Pliss of this city. The girl being under 16 years old, her father, William Pliss gave consent. The couple was married Sunday morning at 10 o'clock by Judge J. W. Morris at his home.

Mrs. S. M. Smith and son George of Pickering visited Maryville over Sunday with her parents, Mr. and Mrs. W. A. Townsend, and her sister, Mrs. E. T. Godsey.

MAY TRY TO PASS WOOL MEASURE

Legislation This Week is Centered on Tariff Revision.

TO TEST TAFT'S VETO THREATS

Will Attempt to Pass Bill Despite President—Absent Members of Congress Summoned to Washington on the Strength of Possibility.

Washington, Aug. 7.—The vortex of legislation this week centers on the tariff revision bills that are expected to emerge from conference and committee. The free list bill and the wool tariff bill are in the hands of Senator La Follette and Representative Underwood. Democratic Leader Underwood has been strongly in favor of putting the free list measure back into both houses in the hope of making a stronger showing than before in favor of the house bill unamended.

The effort of the progressive Republican-Democratic combination is to put the wool bill first before President Taft. Upon his expected veto the rest of the program of congress largely hinges, absentees in both houses having been summoned to Washington on the possibility of an attempt to pass one or more of the revision bills over a veto.

Both the senate and house leaders express confidence that an agreement will be reached on the wool and free list bills. There is considerable opposition to the cotton tariff revision bill, largely from the Carolina cotton manufacturers.

The cotton bill probably will be reported back to the senate adversely next Thursday. Its outlook is indefinite, although a combination may be able to pass it. The wool and free list bills may emerge from conference early this week. The wool bill, as it passed the senate, makes an average cut of from 61.74 per cent ad valorem to 36.24 per cent, a reduction of 23½ per cent from the average under the present law, but this will be changed in conference.

The free list bill places on the free list agricultural implements, cotton bagging, leather, boots, shoes, flour, lumber, salt, etc.

The cotton bill makes an average cut of 21 per cent ad valorem from the present law.

FOUR TREATIES MADE PUBLIC

Senate Adopts Plan of Giving Out Text Prior to Its Action.

Washington, Aug. 7.—The senate adopted the rather unusual course of making public the text of four treaties which have not yet received action at its hands. These were the Anglo-American and the Franco-American general arbitration treaties, and the treaties providing for the adjustment of the finances and customs of Honduras and Nicaragua.

Publicity was given to the important conventions at the request of the administration, which desires that the subject matter shall receive the fullest consideration by the press and the people in order to enlighten the senate as to the real sentiment of the country as a basis for its own action.

Some justification for this procedure developed when in the course of a short executive session two senators of opposite parties, Borah of Idaho and Bacon of Georgia, voiced their dissent to the conclusion of the arbitration treaties in the forms submitted. Their criticism was aimed at article III (identical in the two treaties), which in their opinion provides for compulsory arbitration, and thus tends to deprive the United States senate of its constitutional prerogative. The treaty advocates, however, felt that there had been a misunderstanding of the scope of the treaty, by the two senators named, and that a clause in article I of the treaties, which provides that there shall be no arbitration except under the terms of a special agreement effectively guards the rights of the senate as such special agreement shall receive the senate's sanction in order to become operative.

The British and French treaties are substantially the same, with the exception of the preambles, some small differences in dates of existing treaties referred to therein and some of the mechanical differences between the treaty making methods of the two governments. One important provision of the British treaty requires the British government to obtain the concurrence of any of its self-governing domains affected by the proposed arbitration.

Cannon Balls Peace Emblem.

Berkeley, Cal., Aug. 7.—This city will substitute an olive wreath made of cannon balls for the Spanish-American cannon which stands in one of the city squares. This decision was reached at a meeting of the city council in view of the signing of the arbitration agreement between the United States, Great Britain and France.

Big Battle in Colombia.

Guayaquil, Aug. 7.—According to advices received here a battle was fought between Colombian and Peruvian troops in Caqueta, a large unorganized territory in Colombia, and the Colombians were defeated with great losses.

FAST TRAIN HAS SHAKEUP

Pennsylvania 18-Hour Train Jumps Track in Indiana.

ENGINEER STICKS TO HIS POST

One Hundred Twenty-Five Passengers Get Severe Jolting, but Further Than This No Serious Injuries Reported—Delayed Two Hours.

Chicago, Aug. 7.—One hundred and twenty-five passengers on the Pennsylvania eighteen-hour train were frightened, but uninjured, when the engine, tender and baggage car jumped the track while going at full speed between Indiana Harbor and Buffington, Ind.

The engine and tender broke from the train when the engineer applied the emergency brakes, and leaving the rails plunged down an embankment. The train stopped with a jerk that threw the passengers from their seats, but remained upright on the tracks. The baggage car, immediately behind the tender, left the tracks, but did not overturn.

Fireman Hay jumped when the engine left the rails and was hurt seriously. Engineer Summers stuck to his engine and went into the ditch with it, in some manner escaping serious hurt.

The accident occurred when the train had gathered full speed going down the incline from the elevated tracks in Indiana harbor. The tender left the tracks and bumped along the ties. Engineer Summers applied the emergency brakes and the strain broke the coupling between the tender and baggage car.

The total delay to the fast train because of the accident was two hours.

A careful investigation failed to reveal any cause of the tender leaving the track and railroad men seemed unable to explain how it occurred.

"We had just got started at good speed on that part of the track on the surface grade after coming down the elevation in Indiana Harbor," said Engineer Summers. "First I noticed the tender was causing more than the usual amount of dust, then I felt a tug, as it left the rails, and threw on the emergency brake. That broke the coupling and the engine went off."

"No one on the train was hurt," said Conductor A. C. Ross, "though all were jarred a little when the train stopped so quickly. We were going at full speed and stopped within a few feet after the brakes were applied."

SWAT 6,000,000 FLIES

One Youth Kills 224,600 and Wins First Prize Offered by Paper.

Washington, Aug. 7.—The biggest fly swatting contest in the country ended here with 6,000,000 dead insects accounted for and with returns still incomplete.

The participants in the contest were the school children of Washington, who for two weeks have been striving for the prizes offered by a newspaper to the ten boys and girls who swatted the greatest number of flies.

The dead flies were estimated by measure and credited to the contestants by Dr. Murray of the health department.

The first prize was won by Layton H. Burdett, a youth, who killed 224,600 flies in the fortnight.

It is not contended that the warfare has reduced the number of flies in Washington, but hundreds of households have been rid of the pests and the example set has given a remarkable impetus to the fly swatting movement here and elsewhere.

ISSUES MILLIONTH PATENT

United States Office Grants It to Maker of Puncture Proof Auto Tires.

Washington, Aug. 7.—The millionth patent issued by the United States was announced by Commissioner of Patents Moore. It is for a puncture proof tire for automobiles and other vehicles, depending upon rubber springs for its resiliency, and is the invention of an Akron, O., man.

So much interest had been displayed by the public in the completion of the number 1,000,000 that Commissioner Moore consented to announce the patent ahead of publication in the next issue of the official gazette tomorrow.

Although this patent bears the number 1,000,000, it is really number 1,009,957. Until 1836, when the present bureau was organized, patents were issued without being numbered. Between 1790 and 1836, during which period patents were under control of the state department, 9,957 were issued.

Hunt Starters of Fire.

San Bernardino, Cal., Aug. 7.—R. H. Charlton, supervisor of Angles forest reserve, is making efforts to apprehend men suspected of having caused the fires which have been raging in the mountain ranges near here for twelve days.

Spanish Fort Falls; Kills Nine.

Valencia, Spain, Aug. 7.—A part of the old fortress of Bunol has collapsed and has buried thirty houses. Nine persons are dead and many are seriously injured. It is feared that other parts of the fortress may fall.

And I am ready to book your order for coal of any kind, from a wagon load to car load and want to figure with you for your winter's coal. Get my prices before you buy.

Peter Mergen

SAVE YOUR HAIR; SAGE TEA WILL DO IT

Dandruff, Itching Scalp and Falling Hair Quickly Stopped.

There is one place where baldheaded men shine, and that is in the front row seats of the theatre. If those baldheaded people had used Wyeth's Sage and Sulphur Hair Remedy in their earlier days they would not be so conspicuous now. This preparation does not plant new hair, but it does strengthen weak, dying hair, and not only brightens dull, parched hair, but gradually restores the color to faded or gray hair. It is a clean, wholesome hair dressing, which can be used daily with perfect safety.

Wyeth's Sage and Sulphur is sold under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

Special Agent, Koch Pharmacy.
